

LOST/FOUND ANIMAL REPORT

This form does not replace continuous efforts of finder/owner to locate the home of a lost animal. A flyer with a clear picture and description of the animal can be posted around the neighborhood it was found in, and online on the [Lost and Found Pets Savannah, Georgia Facebook group](#).

If you've lost a pet, please visit the shelter frequently to look for your pet and keep in mind that you are the best person to positively identify your pet. Please also check online on the [Lost and Found Pets Savannah, Georgia Facebook group](#).

** Once impounded, dogs are held for a 5-day stray period and cats are held for a 3-day stray period to give owners time to find their lost pets. **
