PREFACE

This Emergency Operations Plan (EOP) describes the management and coordination of resources and personnel during periods of major emergency. This comprehensive local emergency operations plan is developed to ensure mitigation and preparedness, appropriate response and timely recovery from natural and man made hazards which may affect residents of Chatham County.

This plan supersedes the Emergency Operations Plan dated from old eLEOP. It incorporates guidance from the Georgia Emergency Management Agency (GEMA) as well as lessons learned from disasters and emergencies that have threatened Chatham County. The Plan will be updated at the latest, every four years. The plan:

- Defines emergency response in compliance with the State-mandated Emergency Operations Plan process.
- Establishes emergency response policies that provide Departments and Agencies with guidance for the coordination and direction of municipal plans and procedures.
- Provides a basis for unified training and response exercises.

The plan consists of the following components:

- The Basic Plan describes the structure and processes comprising a county approach to incident management designed to integrate the efforts of municipal governments, the private sector, and non-governmental organizations. The Basic Plan includes the: purpose, situation, assumptions, concept of operations, organization, assignment of responsibilities, administration, logistics, planning and operational activities.
- Appendices provide other relevant supporting information, including terms, definitions, and authorities.
- Emergency Support Function Annexes detail the missions, policies, structures, and responsibilities of County agencies for coordinating resource and programmatic support to municipalities during Incidents of Critical Significance.
- Support Annexes prescribe guidance and describe functional processes and administrative requirements necessary to ensure efficient and effective implementation of incident management objectives.
- Incident Annexes address contingency or hazard situations requiring specialized application of the EOP. The Incident Annexes describe the missions, policies, responsibilities, and coordination processes that govern the interaction of public and private entities engaged in incident management and emergency response operations across a spectrum of potential hazards. Due to security precautions and changing nature of their operational procedures, these Annexes, their supporting plans, and operational supplements are published separately.

The following is a summary of the 15 Emergency Support Functions:

1. *Transportation*: Support and assist municipal, county, private sector, and voluntary organizations requiring transportation for an actual or potential Incident of Critical Significance.
2. *Communications*: Ensures the provision of communications support to municipal, county, and private-sector response efforts during an Incident of Critical Significance.
3. *Public Works and Engineering*: Coordinates and organizes the capabilities and resources of the municipal and county governments to facilitate the delivery of services, technical assistance, engineering expertise, construction management, and other support to prevent, prepare for, respond to, and/or recover from an Incident of Critical Significance.
4. *Firefighting*: Enable the detection and suppression of wild-land, rural, and urban fires resulting from, or occurring coincidentally with an Incident of Critical Significance.
5. *Emergency Management Services*: Responsible for supporting overall activities of the County Government for County incident management.
6. *Mass Care, Housing and Human Services*: Supports County-wide, municipal, and non-governmental organization efforts to address non-medical mass care, housing, and human services needs of individuals and/or families impacted by Incidents of Critical Significance.
7. *Resource Support*: Supports volunteer services, County agencies, and municipal governments tracking, providing, and/or requiring resource support before, during, and/or after Incidents of Critical Significance.
8. *Public Health and Medical Services*: Provide the mechanism for coordinated County assistance to supplement municipal resources in response to public health and medical care needs (to include veterinary and/or animal health issues when appropriate) for potential or actual Incidents of Critical Significance and/or during a developing potential health and medical situation.
9. *Search and Rescue*: Rapidly deploy components of the National US Response System to provide specialized life-saving assistance to municipal authorities during an Incident of Critical Significance.
10. *Hazardous Materials*: Coordinate County support in response to an actual or potential discharge and/or uncontrolled release of oil or hazardous materials during Incidents of Critical Significance.
11. *Agriculture and Natural Resources*: supports County and authorities and other agency efforts to address: Provision of nutrition assistance; control and eradication of an outbreak of a highly contagious or economically devastating animal/zoonotic

disease; assurance of food safety and food security and; protection of natural and cultural resources and historic properties.

12. *Energy*: Restore damaged energy systems and components during a potential of actual Incident of Critical Significance.
13. *Public Safety and Security Services*: Integrates County public safety and security capabilities and resources to support the full range of incident management activities associated with potential or actual Incidents of Critical Significance.
14. *Long Term Recovery and Mitigation*: Provides a framework for County Government support to municipal governments, nongovernmental organizations, and the private sector designed to enable community recovery from the long-term consequences of an Incident of Critical Significance.
15. *External Affairs*: Ensures that sufficient County assets are deployed to the field during a potential or actual Incident of Critical Significance to provide accurate, coordinated, and timely information to affected audiences, including governments, media, the private sector, and the populace.

BASIC PLAN

I. INTRODUCTION

Summary

This plan establishes a framework for emergency management planning and response to: prevent emergency situations; reduce vulnerability during disasters; establish capabilities to protect residents from effects of crisis; respond effectively and efficiently to actual emergencies; and provide for rapid recovery from any emergency or disaster affecting the local jurisdiction and Chatham County.

This Emergency Operations Plan (EOP) is predicated on the National Incident Management System (NIMS) which integrates the capabilities and resources of various municipal jurisdictions, incident management and emergency response disciplines, nongovernmental organizations (NGOs), and the private sector into a cohesive, coordinated, and seamless framework for incident management. The EOP, using the NIMS, is an all-hazards plan that provides the structure and mechanisms for policy and operational coordination for incident management. Consistent with the model provided in the NIMS, the EOP can be partially or fully implemented in the context of a threat, anticipation of a significant event, or the response to a significant event. Selective implementation through the activation of one or more of the systems components allows maximum flexibility in meeting the unique operational and information-sharing requirements of the situation at hand and enabling effective interaction between various entities. The EOP, as the core operational plan for incident management, establishes county-level coordinating structures, processes, and protocols that will be incorporated into certain existing interagency incident- or hazard-specific plans (such as the Hurricane Plan) that is designed to implement specific statutory authorities and responsibilities of various departments and agencies in particular contingency.

Purpose

The purpose of the EOP is to establish a comprehensive, countywide, all-hazards approach to incident management across a spectrum of activities including prevention, preparedness, response, and recovery. The EOP incorporates best practices and procedures from various incident management disciplines - homeland security, emergency management, law enforcement, firefighting, hazardous materials response, public works, public health, emergency medical services, and responder and recovery worker health and safety - and integrates them into a unified coordinating structure. The EOP provides the framework for interaction with municipal governments; the private sector; and NGOs in the context of incident prevention, preparedness, response, and recovery activities. It describes capabilities and resources and establishes responsibilities, operational processes, and protocols to help protect from natural and manmade hazards; save lives; protect public health, safety, property, and the environment; and reduce adverse psychological consequences and disruptions. Finally, the EOP serves as the foundation for the development of detailed supplemental plans and procedures to effectively and efficiently implement incident management activities and assistance in the context of specific types of incidents.

The EOP, using the NIMS, establishes mechanisms to:

- Maximize the integration of incident-related prevention, preparedness, response, and recovery activities;
- Improve coordination and integration of County, municipal, private-sector, and nongovernmental organization partners;
- Maximize efficient utilization of resources needed for effective incident management and Critical Infrastructure/Key Resources protection and restoration;
- Improve incident management communications and increase situational awareness across jurisdictions and between the public and private sectors;
- Facilitate emergency mutual aid and emergency support to municipal governments;
- Provide a proactive and integrated response to catastrophic events; and
- Address linkages to other incident management and emergency response plans developed for specific types of incidents or hazards.

A number of plans are linked to the EOP in the context of disasters or emergencies, but remain as stand-alone documents in that they also provide detailed protocols for responding to routine incidents that normally are managed by County agencies without the need for supplemental coordination. The EOP also incorporates other existing emergency response and incident management plans (with appropriate modifications and revisions) as integrated components, operational supplements, or supporting tactical plans.

This plan consists of the following components:

Scope and Applicability

The EOP covers the full range of complex and constantly changing requirements in anticipation of or in response to threats or acts of terrorism, major disasters, and other emergencies. The EOP also provides the basis to initiate long-term community recovery and mitigation activities.

The EOP establishes interagency and multi-jurisdictional mechanisms for involvement in and coordination of, incident management operations.

This plan distinguishes between incidents that require County coordination, termed disasters or emergencies, and the majority of incidents that are handled by responsible jurisdictions or agencies through other established authorities and existing plans.

In addition, the EOP:

- Recognizes and incorporates the various jurisdictional and functional authorities of departments and agencies; municipal governments; and private-sector organizations in incident management.

- Details the specific incident management roles and responsibilities of the departments and agencies involved in incident management as defined in relevant statutes and directives.
- Establishes the multi-agency organizational structures and processes required to implement the authorities, roles, and responsibilities for incident management.

This plan is applicable to all departments and agencies that may be requested to provide assistance or conduct operations in the context of actual or potential disasters or emergencies.

Disasters or emergencies are high-impact events that require a coordinated and effective response by an appropriate combination of County, municipal, private-sector, and nongovernmental entities in order to save lives, minimize damage, and provide the basis for long-term community recovery and mitigation activities.

Key Concepts

This section summarizes key concepts that are reflected throughout the EOP.

- Systematic and coordinated incident management, including protocols for:
 - Coordinated action;
 - Alert and notification;
 - Mobilization of County resources to augment existing municipal capabilities;
 - Operating under differing threats or threat levels; and
 - Integration of crisis and consequence management functions.
- Proactive notification and deployment of resources in anticipation of or in response to catastrophic events in coordination and collaboration with municipal governments and private entities when possible.
- Organizing interagency efforts to minimize damage, restore impacted areas to pre-incident conditions if feasible, and/or implement programs to mitigate vulnerability to future events.
- Coordinating worker safety and health, private-sector involvement, and other activities that are common to the majority of incidents (see Support Annexes).
- Organizing ESFs to facilitate the delivery of critical resources, assets, and assistance. Departments and agencies are assigned to lead or support ESFs based on authorities, resources, and capabilities.
- Providing mechanisms for vertical and horizontal coordination, communications, and information sharing in response to threats or incidents. These mechanisms

facilitate coordination among municipal entities and the County Government, as well as between the public and private sectors.

- Facilitating support to County departments and agencies acting under the requesting department or agencies own authorities.
- Developing detailed supplemental operations, tactical, and hazard-specific contingency plans and procedures.
- Providing the basis for coordination of interdepartmental and municipal planning, training, exercising, assessment, coordination, and information exchange.

II. PLANNING ASSUMPTIONS AND CONSIDERATIONS

The EOP is based on the planning assumptions and considerations presented in this section.

- Incidents are typically managed at the lowest possible organizational and jurisdictional level.
- Incident management activities will be initiated and conducted using the principles contained in the NIMS.
- The combined expertise and capabilities of government at all levels, the private sector, and nongovernmental organizations will be required to prevent, prepare for, respond to, and recover from disasters and emergencies.
- Disasters and emergencies require the Chatham County Emergency Management Agency to coordinate operations and/or resources, and may:
 - Occur at any time with little or no warning in the context of a general or specific threat or hazard;
 - Require significant information-sharing at the unclassified and classified levels across multiple jurisdictions and between the public and private sectors;
 - Involve single or multiple jurisdictions;
 - Have significant regional impact and/or require significant regional information sharing, resource coordination, and/or assistance;
 - Span the spectrum of incident management to include prevention, preparedness, response, and recovery;
 - Involve multiple, highly varied hazards or threats on a regional scale;
 - Result in numerous casualties; fatalities; displaced people; property loss; disruption of normal life support systems, essential public services, and basic infrastructure; and significant damage to the environment;
 - Impact critical infrastructures across sectors;
 - Overwhelm capabilities of municipal governments, and private-sector infrastructure owners and operators;
 - Attract a sizeable influx of independent, spontaneous volunteers and supplies;
 - Require extremely short-notice asset coordination and response timelines; and
 - Require prolonged, sustained incident management operations and support activities.

- Top priorities for incident management are to:
 - Save lives and protect the health and safety of the public, responders, and recovery workers;
 - Ensure security of the county;
 - Prevent an imminent incident, including acts of terrorism, from occurring;
 - Protect and restore critical infrastructure and key resources;
 - Conduct law enforcement investigations to resolve the incident, apprehend the perpetrators, and collect and preserve evidence for prosecution and/or attribution;
 - Protect property and mitigate the damage and impact to individuals, communities, and the environment; and
 - Facilitate recovery of individuals, families, businesses, governments, and the environment.

- Deployment of resources and incident management actions during an actual or potential terrorist incident are conducted in coordination with the Federal Bureau of Investigation (FBI).

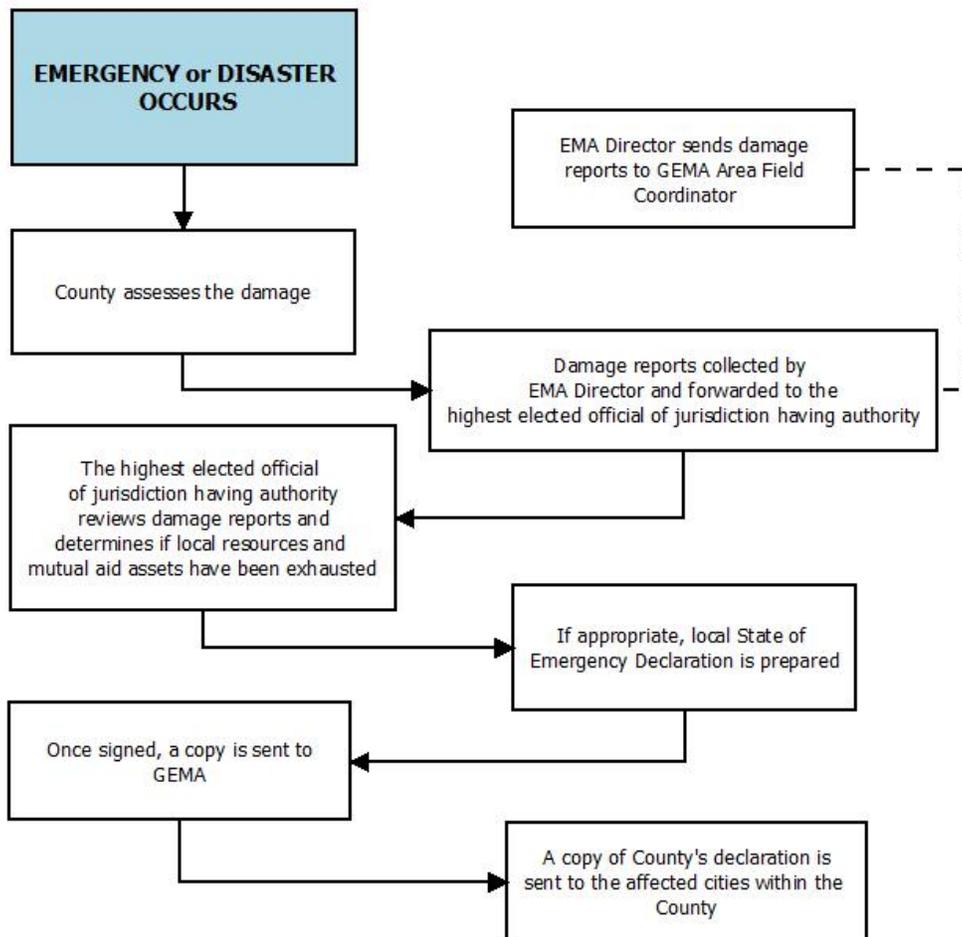

- Departments and agencies at all levels of government and certain NGOs, such as the American Red Cross, may be required to deploy to disaster areas or emergency events on short notice to provide timely and effective mutual aid and/or intergovernmental assistance.

- The degree of County involvement in incident operations depends largely upon the specific authority or jurisdiction. Other factors that may be considered include:
 - The municipal needs and/or requests for external support, or ability to manage the incident;
 - The economic ability of the affected entity to recover from the incident;
 - The type or location of the incident;
 - The severity and magnitude of the incident; and
 - The need to protect the public health or welfare or the environment.

- Departments and agencies support these mission in accordance with authorities and guidance and are expected to provide:
 - Initial and/or ongoing response, when warranted, under their own authorities and funding;

- Alert, notification, pre-positioning, and timely delivery of resources to enable the management of potential and actual disasters or emergencies; and
 - Proactive support for catastrophic or potentially catastrophic incidents using protocols for expedited delivery of resources.
-
- For disasters or emergencies that are Presidentially declared, state and/or Federal support is delivered in accordance with relevant provisions of the Stafford Act. (Note that while all Presidentially declared disasters and emergencies under the Stafford Act are considered incidents of critical significance, not all incidents necessarily result in disaster or emergency declarations under the Stafford Act.)

Emergency Declaration Process

It is anticipated and expected that if the emergency or disaster is obviously widespread and all local resources mutual aid assets have already been exhausted, the highest elected official of jurisdiction having authority can make a declaration without waiting for a report regarding damages.

III. ROLES AND RESPONSIBILITIES

Local Government Responsibilities

Police, fire, public health and medical, emergency management, public works, environmental response, and other personnel are often the first to arrive and the last to leave an incident site. In some instances, a County agency in the area may act as a first responder, and the assets of County agencies may be used to advise or assist municipal officials in accordance with agency authorities and procedures. Mutual aid agreements provide mechanisms to mobilize and employ resources from neighboring jurisdictions to support the incident command. When resources and capabilities are overwhelmed, the County may request State assistance under a Governors disaster or emergency declaration. Summarized below are the responsibilities of the Chief Executive Officer.

A municipal mayor or city or County Chairman or their designee, as a jurisdictions chief executive, is responsible for the public safety and welfare of the people of that jurisdiction. The Chief Executive Officer:

- Is responsible for coordinating resources to address the full spectrum of actions to prevent, prepare for, respond to, and recover from incidents involving all hazards including terrorism, natural disasters, accidents, and other contingencies;
- Dependent upon law, has extraordinary powers to suspend laws and ordinances, such as to establish a curfew, direct evacuations, and, in coordination with the health authority, to order a quarantine;
- Provides leadership and plays a key role in communicating to the public, and in helping people, businesses, and organizations cope with the consequences of any type of incident within the jurisdiction;
- Negotiates and enters into mutual aid agreements with other jurisdictions to facilitate resource-sharing; and
- Requests State and, if necessary, Federal assistance through the Governor of the State when the jurisdictions capabilities have been exceeded or exhausted.

Emergency Support Functions

The EOP applies a functional approach that groups the capabilities of municipal and county departments and some volunteer and non-government organizations into ESFs to provide the planning, support, resources, program implementation, and emergency services that are most likely to be needed during disaster or emergency incidents. The County response to actual or potential disasters or emergencies is typically provided through the full or partial activation of the ESF structure as necessary. The ESFs serve as the coordination mechanism to provide assistance to municipal governments or to County departments and agencies conducting missions of primary County responsibility.

Each ESF is comprised of primary and support agencies. The EOP identifies primary agencies on the basis of authorities, resources, and capabilities. Support agencies are assigned based on resources and capabilities in a given functional area. The resources provided by the ESFs reflect categories identified in the NIMS. ESFs are expected to support one another in carrying out their respective roles and responsibilities. Additional discussion on roles and responsibilities of ESF primary agencies, and support agencies can be found in the introduction to the ESF Annexes.

Note that not all disaster or emergency incidents result in the activation of all ESFs. It is possible that an incident can be adequately addressed by agencies through activation of certain EOP elements without the activation of ESFs. Similarly, operational security considerations may dictate that activation of EOP elements be kept to a minimum, particularly in the context of certain terrorism prevention activities.

Nongovernmental and Volunteer Organizations

Nongovernmental and volunteer organizations collaborate with first responders, governments at all levels, and other agencies and organizations providing relief services to sustain life, reduce physical and emotional distress, and promote recovery of disaster victims when assistance is not available from other sources. For example, the American Red Cross is an NGO that provides relief at the local level and also supports the Mass Care element of ESF 6. Community-based organizations receive government funding to provide essential public health services.

The Voluntary Organizations Active in Disaster (VOAD) is a consortium of approximately 30 recognized organizations of volunteers active in disaster relief. Such entities provide significant capabilities to incident management and response efforts at all levels. For example, the wildlife rescue and rehabilitation activities conducted during a pollution emergency are often carried out by private, nonprofit organizations working with natural resource trustee agencies.

Private Sector

EOP primary and support agencies coordinate with the private sector to effectively share information, form courses of action, and incorporate available resources to prevent, prepare for, respond to, and recover from disasters and emergencies.

Roles

The roles, responsibilities, and participation of the private sector during a disaster or emergency incident vary based on the nature of the organization and the type and impact of the incident. The roles of private-sector organizations are summarized below.

- **Impacted Organization or Infrastructure**
Private-sector organizations may be affected by direct or indirect consequences of the incident, including privately owned critical infrastructure, key resources, and those main private-sector organizations that are significant to regional economic recovery from the incident. Examples of privately owned infrastructure include transportation, telecommunications, private utilities, financial institutions, and hospitals.

- **Response Resource**
Private-sector organizations provide response resources (donated or compensated) during an incident - including specialized teams, equipment, and advanced technologies - through public-private emergency plans, mutual aid agreements, or incident specific requests from government and private-sector-volunteer initiatives.

- **Regulated and/or Responsible Party**
Owners/operators of certain regulated facilities or hazardous operations may bear responsibilities under the law for preparing for and preventing incidents from occurring, and responding to an incident once it occurs. For example, some activities are required by law or regulation to maintain emergency (incident) preparedness plans, procedures, and facilities and to perform assessments, prompt notifications, and training for a response to an incident.

- **State/Emergency Organization Member**

- Private-sector organizations may serve as active partners in emergency preparedness and response organizations and activities.

Responsibilities

Private-sector organizations support the EOP (voluntarily or to comply with applicable laws and regulations) by sharing information with the government, identifying risks, performing vulnerability assessments, developing emergency response and business continuity plans, enhancing their overall readiness, implementing appropriate prevention and protection programs, and donating or otherwise providing goods and services through contractual arrangement or government purchases to assist in response to and recovery from an incident.

Certain organizations are required by existing law and regulation to bear the cost of planning and response to incidents, regardless of cause. In the case of an Incident of Critical Significance, these private-sector organizations are expected to mobilize and employ the resources necessary and available in accordance with their plans to address the consequences of incidents at their own facilities or incidents for which they are otherwise responsible.

Response Resources

Unless the response role is inherently governmental (e.g., law enforcement, etc.), private-sector organizations are encouraged to develop and maintain capabilities to respond to and manage a complete spectrum of incidents and emergencies. The County Government maintains ongoing interaction with the critical infrastructure and key resource industries to provide coordination for prevention, preparedness, response, and recovery activities. When practical, or when required under law, private-sector representatives should be included in planning and exercises. In some cases, the government may direct private-sector response resources when they have contractual relationships, using government funds.

Functional Coordination

The primary agency/agencies for each ESF maintain(s) working relations with its associated private-sector counterparts through partnership committees or other means (e.g., ESF 2, Communications - telecommunications industry; ESF 10, Hazardous Materials - oil and hazardous materials industries; etc.).

Citizen Involvement

Strong partnerships with citizen groups and organizations provide support for incident management prevention, preparedness, response, recovery, and mitigation.

The US Citizen Corps brings these groups together and focuses efforts of individuals through education, training, and volunteer service to help make communities safer, stronger, and better prepared to address the threats of terrorism, crime, public health issues, and disasters of all kinds.

Citizen Corps Councils implement Citizen Corps programs, which include Community Emergency Response Teams (CERTs), Medical Reserve Corps, Neighborhood Watch, Volunteers in Police Service, and the affiliate programs; provide opportunities for special skills and interests; develop targeted outreach for special-needs groups; and organize special projects and community events.

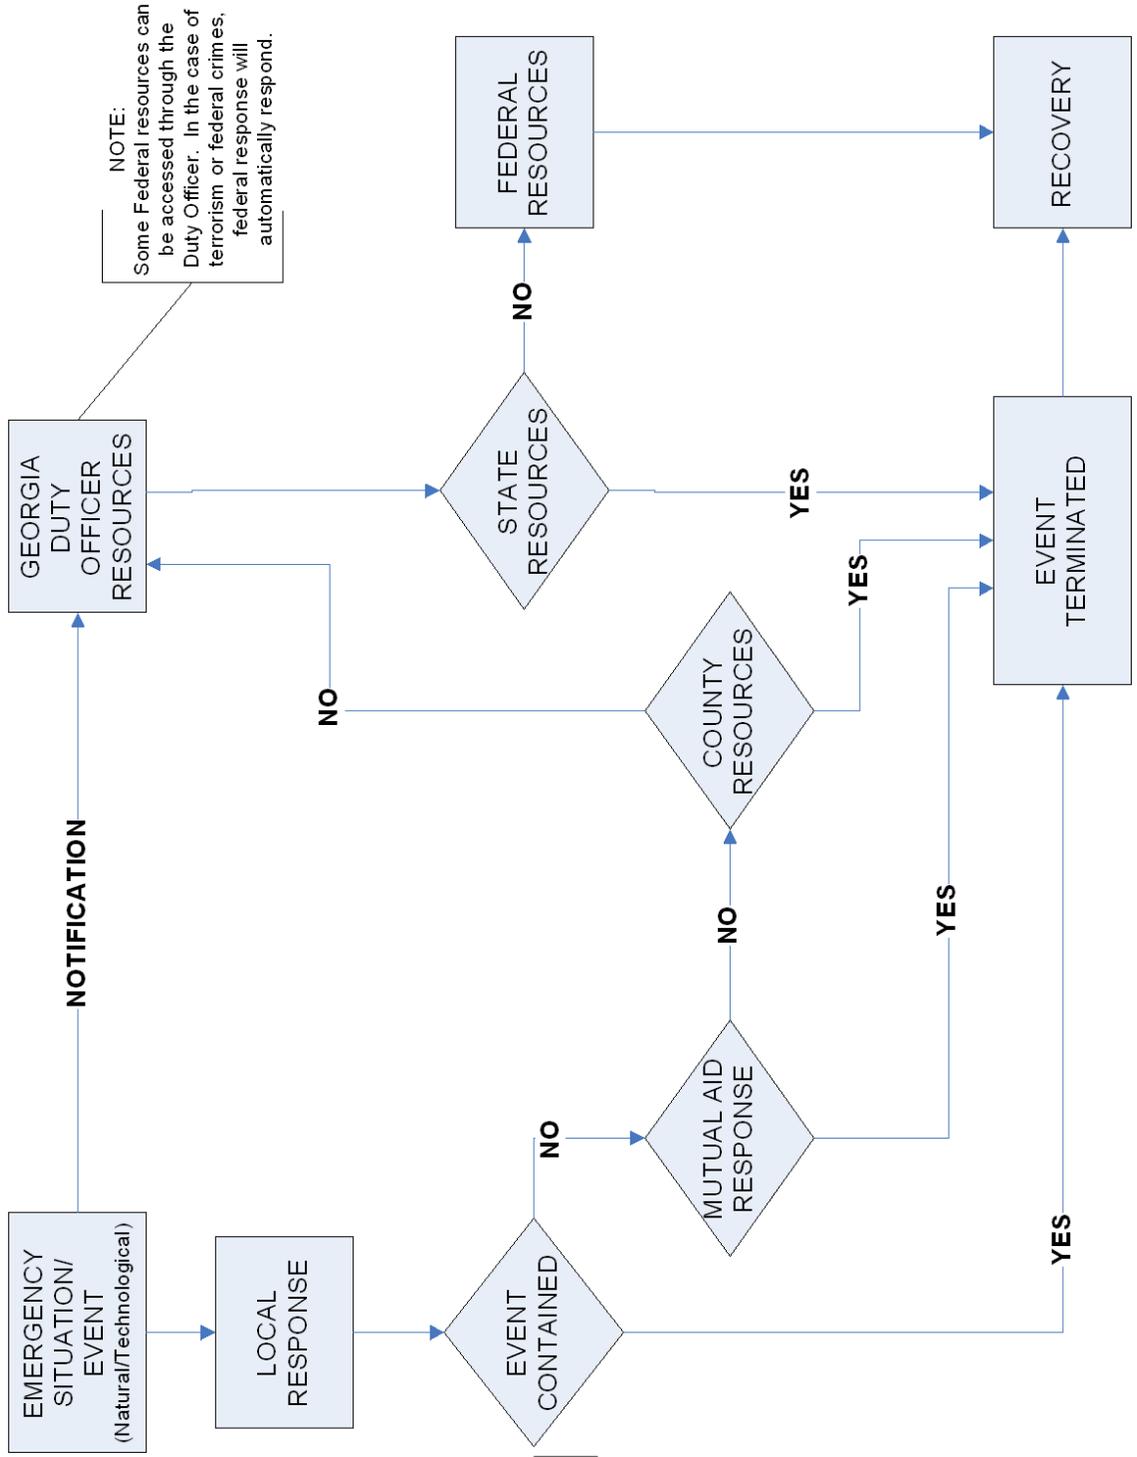

Citizen Corps Affiliate Programs expand the resources and materials available to communities through partnerships with programs and organizations that offer resources for public education, outreach, and training; represent volunteers interested in helping to make their communities safer; or offer volunteer service opportunities to support first responders, disaster relief activities, and community safety efforts.

Other programs unaffiliated with Citizen Corps also provide organized citizen involvement opportunities in support of response to major disasters and events of Critical Significance.

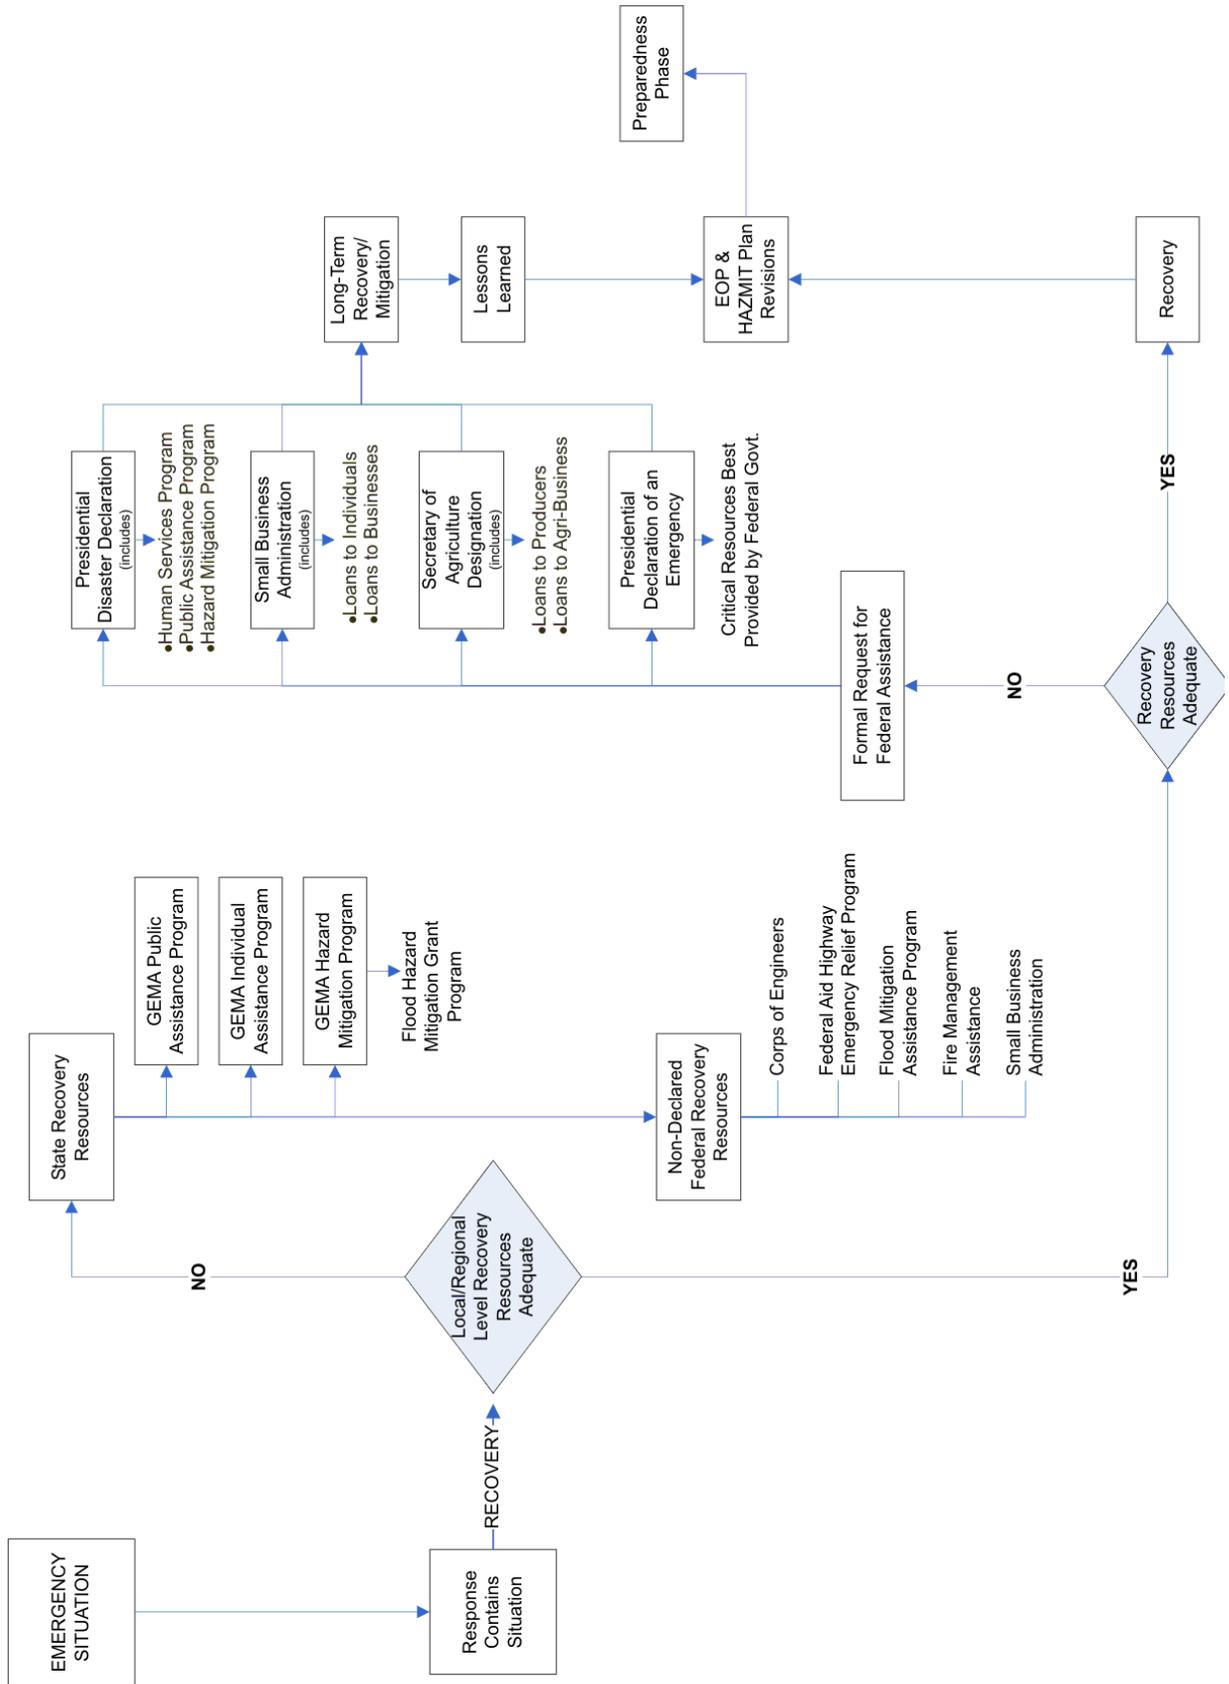

Citizen Corps

The Citizen Corps works through a Citizen Corps Council that brings together leaders from law enforcement, fire, emergency medical and other emergency management, volunteer organizations, elected officials, the private sector, and other community stakeholders.

IV. CONCEPT OF OPERATIONS

Phases of Emergency Management

Mitigation

Activities designed to reduce or eliminate risks to persons or property or to lessen the actual or potential effects or consequences of an incident. Mitigation measures implemented prior to, during, or after an incident are intended to prevent the occurrence of an emergency, reduce the community's vulnerability and/or minimize the adverse impact of disasters or emergencies. A preventable measure, for instance, is the enforcement of building codes to minimize such situations.

Preparedness

Actions taken to avoid an incident or to intervene to stop an incident from occurring. Preparedness involves actions taken prior to an emergency to protect lives and property and to support and enhance disaster response. Planning, training, exercises, community awareness and education are among such activities.

Response

Activities that address the short-term, direct effects of an incident. These activities include immediate actions to preserve life, property, and the environment; meet basic human needs; and maintain the social, economic, and political structure of the affected community. Also included are direction and coordination, warning, evacuation, and similar operations that help reduce casualties and damage, and speed recovery.

Recovery

The development, coordination, and execution of service- and site-restoration plans and the reconstitution of government operations and services through individual, private-sector, nongovernmental, and public assistance programs. Short-term recovery includes damage assessment and the return of vital functions, such as utilities and emergency services, to minimum operating standards. When rebuilding and re-locating is due to damaged property, long-term recovery activities may continue for years.

General

- A basic premise of the EOP is that incidents are generally handled at the lowest jurisdictional level possible. Police, fire, public health, medical, emergency management, and other personnel are responsible for incident management at that level. Accordingly, in order to protect life and property from the effects of emergencies, government is responsible for all emergency management activities. When operating under such conditions, Chatham County Emergency Management Agency will utilize all available resources from within the County, including voluntary and private assets, before requesting other assistance. After an emergency exceeds local capacity to respond, assistance will be requested from other jurisdictions and the state through GEMA. Upon a Presidential declaration, assistance as requested by the state may be provided through Federal ESFs and/or other resources.

- Consistent with the commitment to comprehensive emergency management, this plan addresses major emergency situations that may develop in the county. It outlines activities that address mitigation, preparedness, response and recovery. The plan emphasizes the capacity of Chatham County Emergency Management Agency to respond and accomplish short-term recovery.
- In coordination with the county and municipal governments, Chatham County Emergency Management Agency will implement interagency coordination for emergency operations.
- In coordination with the county and municipal governments and Chatham County Emergency Management Agency the public information designee will release all emergency information.
- If an agency requests functional support from another agency or organization, assigned personnel and resources will be coordinated by the agency responsible for the ESF.
- All agencies will inform Chatham County Emergency Management Agency of personnel assigned to work in the Emergency Operations Center (EOC.)

V. DIRECTION AND CONTROL

Continuity of Government/Continuity of Operations (COG/COOP)

Local governments and jurisdictions must be prepared to continue their minimum essential functions throughout the spectrum of possible threats from natural disasters through acts of terrorism. COG/COOP planning facilitates the performance of State and local government and services during an emergency that may disrupt normal operations.

- Government continuity planning facilitates the performance government and services during an emergency that may disrupt normal operations. Contingency plans for the continuity of operations of vital government functions and jurisdictions will allow agencies to continue their minimum essential operations and maintain authority. These plans include the spectrum of possible threats from natural disasters through acts of terrorism.
- Continuity of Government (COG) and Continuity of Operations (COOP) measures will establish lines of personnel succession, ensuring that authority is delegated to appropriate personnel prior to an emergency. Executive office personnel and agency managers will identify, notify, and train the individuals next in line. In addition, personnel will be familiar with alert, notification and deployment procedures to provide for command and control of response and recovery operations.
- Preservation of Records addresses the protection of essential records (e.g., vital statistics, deeds, corporation papers, operational plans, resource data, personnel and payroll records, inventory lists, laws, charters, and financial documents) by the appropriate agency following an emergency or disaster. Governments will plan for preservation of succession and delegation of authority and records necessary for carrying out governments legal and financial functions and the protection of legal and financial rights of citizens.
- The EMA director, under the direction of the local government, is responsible for the following, but not limited to:
 - Determine who is responsible for direction and control at the executive level;
 - Describe the decision process for implementing COG/COOP plans and procedures, including reliable, effective, and timely notification;
 - Establish measures for the protection of vital records;
 - Identify the agencies and personnel (including lines of succession) responsible for providing water, electricity, natural gas, sewer, and sanitation services in affected areas;
 - Identify the location of and contact points for Emergency Management Assistance Compacts (EMACs), Memoranda of Understanding (MOU), and other cooperative agreements

- Standard Operating Procedures (SOPs) for each local agency that provide specific authorities of designated successors to direct their agencies;
- COG/COOP succession of authority plans are outlined in the Chatham County Emergency Management Agency Emergency Operations Plan Annex.

VI. INCIDENT MANAGEMENT ACTIONS

Services and Resources

An emergency or disaster may place great demands on services and resources. Priority will be based on essential needs, such as food, water, and medical assistance. Other services and resources will be acquired after establishing the need.

Commitment of Services and Resources

- Local governments will commit services and resources in order to save lives and protect property. Response agencies will first utilize services and resources available through their agency or organization. Additional needs may be met from other governments, agencies and/or organizations through mutual-aid or Memorandums of Understanding (MOU). After these sources have been exhausted, additional state resources may be requested from GEMA through the EOC. Chatham County Emergency Management Agency maintains an extensive service and resource directory that is maintained by ESF 7.
- Detailed records of expenditures are required by all agencies and organizations responding to a disaster for possible reimbursement, such as through an authorized Federal disaster declaration.

Local Involvement

Chatham County Emergency Management Agency will coordinate the efforts of agencies and organizations responsible for plan development of ESFs and major revisions. It is strongly recommended that the agencies involved in an ESF conduct coordination meetings and develop an ESF plan for their response to each level of activation. The plan will be reviewed annually and major revisions completed, as necessary. An updated plan shall be submitted for approval to GEMA every four years through the eLEOP system. Minor revisions to the plan should be logged in on the designated form at the beginning of this plan and updated on the eLEOP system.

State Involvement

Coordination of emergency management planning and operations and service and resource sharing across jurisdictional boundaries is necessary. Consequently, the state may be able to assist in the planning process (e.g., radiological, hurricane planning). Chatham County Emergency Management Agency will coordinate the type and level of assistance. Agencies and organizations with ESF responsibilities will be involved in such planning. This assistance should be interpreted as supporting agencies with ESF responsibilities and enhancing emergency capabilities.

Standard Operating Procedures

Most agencies and organizations within Chatham County and its municipalities have emergency functions to perform in addition to their other duties. Each agency and/or

organization with primary ESF responsibilities, in conjunction with support agencies and organizations, will develop and maintain Standard Operating Procedures (SOPs). These procedures provide detailed direction and coordination of ESF responsibilities and critical emergency tasks.

Emergency Operations

Organizational responsibilities are included in each ESF.

Local Responsibilities

Chatham County Emergency Management Agency is responsible for the following:

- Assist and advise all agencies and/or organizations in the development and coordination of ESFs to ensure necessary planning;
- Brief and train EOC personnel and volunteers as well as conduct periodic exercises to evaluate support function responsibilities;
- Manage the EOC for operational readiness;
- Coordinate with other emergency management agencies, GEMA, and other emergency response organizations;
- Maintain a list of all agency contacts including telephone, fax, and pager numbers (Refer to Chatham County Emergency Management Agency EOC Telephone Directory);
- Obtain copies of SOPs for all ESFs;
- Update, maintain and distribute the plan and all major revisions to agencies and organizations contained on the distribution list;
- Advise Chatham County Emergency Management Agency officials, municipalities and agencies with ESF responsibilities on the nature, magnitude, and effects of an emergency; and
- Coordinate with public information officials to provide emergency information for the public.

Agencies and organizations with ESF responsibilities will:

- Develop and maintain the ESF and SOPs, in conjunction with Chatham County Emergency Management Agency and other supporting agencies;
- Designate agency and organization personnel with emergency authority to work on planning, mitigation, preparedness and response issues and commit resources. Staff assignments should include personnel who are trained to work in the EOC;

- Maintain an internal emergency management personnel list with telephone, fax and pager numbers;
- Provide for procurement and management of resources for emergency operations and maintain a list of such resources;
- Participate in training and exercises to evaluate and enhance ESF capabilities;
- Negotiate and prepare MOUs that impact the specific ESF, in conjunction with Chatham County Emergency Management Agency ; and
- Establish procedures for the maintenance of records, including personnel, travel, operations and maintenance expenditures and receipts.

VII. PLAN DEVELOPMENT AND MAINTENANCE

Plan Maintenance

Chatham County Emergency Management Agency is the executive agent for EOP management and maintenance. The EOP will be updated periodically as required to incorporate new directives and changes based on lessons learned from exercises and actual events. This section establishes procedures for interim changes and full updates of the EOP.

• Types of Changes

Changes include additions of new or supplementary material and deletions. No proposed change should contradict or override authorities or other plans contained in statute, order, or regulation.

• Coordination and Approval

Any department or agency with assigned responsibilities under the EOP may propose a change to the plan. Chatham County Emergency Management Agency is responsible for coordinating all proposed modifications to the EOP with primary and support agencies and other stakeholders, as required. Chatham County Emergency Management Agency will coordinate review and approval for proposed modifications as required.

• Notice of Change

After coordination has been accomplished, including receipt of the necessary signed approval supporting the final change language, Chatham County Emergency Management Agency will issue an official Notice of Change. The notice will specify the date, number, subject, purpose, background, and action required, and provide the change language on one or more numbered and dated insert pages that will replace the modified pages in the EOP in addition to manually logged record of changes on the form at the beginning of this plan titled: Record of Revisions. Once published, the modifications will be considered part of the EOP for operational purposes pending a formal revision and redistribution of the entire document. Interim changes can be further modified or updated using the above process and through eLEOP system tools.

• Distribution

Chatham County Emergency Management Agency will distribute Notices of Change to all participating agencies. Notices of Change to other organizations will be provided upon request.

• Redistribution of the EOP

Working toward continuous improvement, Chatham County Emergency Management Agency is responsible for an annual review and updates of the EOP and a complete revision every four years, or more frequently if the County Commission or the Georgia Emergency Management Agency deems necessary. The review and update will consider lessons learned and best practices identified during exercises and responses to actual events, and incorporate new information technologies. Chatham County Emergency Management Agency will distribute revised EOP documents for the purpose of interagency review and concurrence.

EOP-Supporting Documents and Standards for Other Emergency Plans

As the core plan for domestic incident management, the EOP provides the structures and processes for coordinating incident management activities for terrorist attacks, natural disasters, and other emergencies. Following the guidance provided, the EOP incorporates existing emergency and incident management plans (with appropriate modifications and revisions) as integrated components of the EOP, as supplements, or as supporting operational plans. Accordingly, departments and agencies must incorporate key EOP concepts and procedures for working with EOP organizational elements when developing or updating incident management and emergency response plans. When an agency develops an interagency plan that involves events within the scope of disaster and emergency incidents, these plans are coordinated with Chatham County Emergency Management Agency to ensure consistency with the EOP, and are incorporated into the EOP, either by reference or as a whole. Chatham County Emergency Management Agency will maintain a complete set of current local interagency plans. Incident management and emergency response plans must include, to the extent authorized by law:

- Principles and terminology of the NIMS;
- Reporting requirements of the EOP;
- Linkages to key EOP organizational elements such as the EOC; and
- Procedures for transitioning from localized incidents to incidents that require state or federal assistance. The broader range of EOP-supporting documents includes strategic, operational, tactical, and incident specific or hazard-specific contingency plans and procedures. Strategic plans are developed based on long-range goals, objectives, and priorities. Operational-level plans merge the on-scene tactical concerns with overall strategic objectives. Tactical plans include detailed, specific actions and descriptions of resources required to manage an actual or potential incident. Contingency plans are based on specific scenarios and planning assumptions related to a geographic area or the projected impacts of an individual hazard. The following is a brief description of EOP-related documents.

National Incident Management System

The NIMS provides a core set of doctrine, concepts, terminology, and organizational processes to enable effective, efficient, and collaborative incident management at all

levels.

State and Local Emergency Operations Plans

State and local emergency operations plans are created to address a variety of hazards. Examples include:

- State emergency operations plans designed to support State emergency management functions.
- Emergency operations plans created at the municipal level to complement State emergency operations plans.

Hazard Mitigation Plans

Hazard mitigation plans are developed by States and communities to provide a framework for understanding vulnerability to and risk from hazards, and identifying the pre-disaster and post-disaster mitigation measures to reduce the risk from those hazards. Multihazard mitigation planning requirements were established by Congress through the Stafford Act, as amended by the Disaster Mitigation Act of 2000.

Private Sector Plans

Private sector plans are developed by privately owned companies/corporations. Some planning efforts are mandated by statute (e.g., nuclear power plant operations), while others are developed to ensure business continuity.

Nongovernmental and Volunteer Organization Plans

Volunteer and nongovernmental organization plans are plans created to support State and Federal emergency preparedness, response, and recovery operations. Plans include a continuous process of assessment, evaluation, and preparation to ensure that the necessary authorities, organization, resources, coordination, and operation procedures exist to provide effective delivery of services to disaster clients as well as provide integration into planning efforts at all government levels.

Planning and Operations Procedures

Procedures provide operational guidance for use by emergency teams and other personnel involved in conducting or supporting incident management operations.

These documents fall into five basic categories:

- Overviews that provide a brief concept summary of an incident management function, team, or capability;
- Standard operating procedures (SOPs) or operations manuals that provide a complete reference document, detailing the procedures for performing a single function (i.e., SOP) or a number of interdependent functions (i.e., operations

manual);

- Field operations guides or handbooks that are produced as a durable pocket or desk guide, containing essential tactical information needed to perform specific assignments or functions;
- Point of contact lists; and
- Job aids such as checklists or other tools for job performance or job training.

EMERGENCY SUPPORT FUNCTION 1 TRANSPORTATION

<p>Primary Agency Chatham County Fleet Operations</p> <p>Support Agencies Board of Education Chatham Area Transit Chatham County Engineering Dept. Chatham Emergency Management Agency Chatham Mosquito Control First Student Inc. Georgia Department of Transportation Southside Fire & EMS</p>
--

I. INTRODUCTION

The emergency support function of transportation services involves direction and coordination, operations, and follow-through during an emergency or disaster.

A. Purpose

1. To support and assist municipal, county, private sector, and voluntary organizations requiring transportation for an actual or potential disaster or emergency.
2. To assist city and county agencies and other ESFs with the emergency efforts to transport people. The priorities for allocation of these assets will be:
 - a. Evacuating persons from immediate peril.
 - b. Transporting personnel for the support of emergency activities.
 - c. Transporting relief personnel necessary for recovery from the emergency.

B. Scope

The emergency operations necessary for the performance of this function include but are not limited to:

1. Preparedness
 - a. Maintain current inventories of local government transportation facilities, supplies, and equipment by mode.

- b. Maintain current resource directories of all commercial and industrial transportation assets, facilities, and supplies within the County, to include maintaining points of contact, their geographic locations, territories, and operating areas.
- c. Establish and maintain liaison with the state and adjacent county transportation officials.
- d. Plan for supporting all types of evacuation(s) to include lock down of draw bridges, suspension of highway construction and maintenance, lane reversal on evacuation routes, and state traffic management plans and operations.
- e. Estimate logistical requirements (e.g., personnel, supplies and equipment, facilities, and communications) during the planning process and through exercises. Develop appropriate transportation packages to support likely scenarios.
- f. Participate in exercises and training to validate this annex and supporting SOPs.
- g. Ensure all ESF 1 personnel integrate NIMS principles in all planning.

2. Response

- a. Identify transportation needs required to respond to the emergency.
- b. Coordinate with GEMA for use of state transportation assets.
- c. Identify, obtain, prioritize and allocate available transportation resources.
- d. Report the locations of damage to transportation infrastructure, degree of damage, and other available information to ESF 5.
- e. Assist local governments in determining the most viable, available transportation networks to, from, and within the disaster area, and regulate the use of such networks as appropriate.
- f. Coordinate emergency information for public release through ESF 15.
- g. Plan for transportation support of mobilization sites, staging areas, and distribution points.

3. Recovery

- a. Continue to render transportation support when and where required as long as emergency conditions exist.
- b. Coordinate the repair and restoration of transportation infrastructure with the assistance of ESF 3.
- c. Evaluate and task the transportation support requests for impacted areas.
- d. Anticipate, plan for, and ready the necessary notification systems to support damage assessment teams, establishment of staging areas, distribution sites, and other local, state, and federal recovery facilities in the impacted area.
- e. Anticipate, plan for, and ready the necessary notification systems to support the deployment of mutual aid teams, and work teams and activities in the impacted area.
- f. Ensure that ESF 1 team members or their agencies maintain

appropriate records of costs incurred during the event.

4. Mitigation

- a. Support and plan for mitigation measures.
- b. Support requests and directives resulting from the County Commission concerning mitigation and/or redevelopment activities.
- c. Document matters that may be needed for inclusion in briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

The emergency transportation function is the primary responsibility of Chatham County Fleet Operations and support for this function is the responsibility of Board of Education, Chatham Area Transit, Chatham County Engineering Dept., Chatham Emergency Management Agency, Chatham Mosquito Control, First Student Inc., Georgia Department of Transportation and Southside Fire & EMS.

B. Actions

1. Mitigation/Preparedness

- a. Plan and coordinate with support agencies and organizations.
- b. Maintain a current inventory of transportation resources.
- c. Establish policies, procedures, plans, and programs to effectively address transportation needs.
- d. Recruit, designate, and maintain a list of emergency personnel.
- e. Participate in drills and exercises to evaluate transportation capabilities.

2. Response/Recovery

- a. Staff the EOC when notified by the EMA director.
- b. Establish and maintain a working relationship with support agencies, transportation industries, and private transportation providers.
- c. Provide transportation resources, equipment, and vehicles, upon request.
- d. Channel transportation information for public release, through the EOC and continue providing information and support upon re-entry.
- e. Maintain records of expenditures and document resources utilized

during recovery.

III. RESPONSIBILITIES

A. Chatham County Fleet Operations

1. Coordinate with the support agencies in directing transportation resources and prioritizing the needs for transportation services.
2. Immediately following an Incident of Critical Significance, assess the overall status of the transportation system within the county and begin determination of potential needs and resources.
3. ESF 7 (Resource Support) will supply information pertaining to potential volunteer groups, contract vendors, and other entities that may be able to supplement available resources.
4. Serve as the Primary Agency for ESF-1
5. Coordinate quarterly ESF meetings to ensure planning functions are carried out to support this ESF
6. Coordinate ESF-1 resources County-wide
7. Provide EOC Ground Support Unit Leader when activated
8. Provide additional resources as available to support ESF-1 response and recovery efforts
9. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
10. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
11. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
12. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
13. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
14. Prepare to support the Emergency Operations Center as necessary.
15. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.

16. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
17. Document disaster related activities related to this ESF.
18. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
19. Coordinate pertinent disaster recovery information with the County's Joint Information Center (JIC).
20. Identify damages and losses and prepare an action plan for recovery activities.
21. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

B. Board of Education

1. Chatham County Board of Education & Laidlaw: School buses, resources, personnel, equipment, vehicles and fuel will be made available as needed to assist in fulfilling transportation needs.
2. ESF #8: a) Advanced Life Support transport for those in need of medical transportation. b) Basic Life Support transport for those in need of minimal medical care or who are non-ambulatory. c) EMS Auxiliary resources will also be made available to assist with transportation needs identified by CAT.
3. Following an Incident of Critical Significance, coordinate with ESF-1 Primary, CEMA, and other agencies as needed to assess the overall status of the transportation systems and infrastructure within the County and determine needed resources
4. Provide staffing for a Transportation Coordinator (ESF-1 Single Resource) in the EOC when activated
- 5.
6. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
7. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
8. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
9. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
10. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
11. Prepare to support the Emergency Operations Center as necessary.
12. Ensure Agency Staff maintain NIMS compliance and report compliance

- measurements annually when requested.
13. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
 14. Document disaster related activities related to this ESF.
 15. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
 16. Coordinate pertinent disaster recovery information with the County's Joint Information Center (JIC).
 17. Identify damages and losses and prepare an action plan for recovery activities.
 18. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

C. Chatham Area Transit

1. Following an Incident of Critical Significance, coordinate with ESF-1 Primary, CEMA, and other agencies as needed to assess the overall status of the transportation systems and infrastructure within the County and determine needed resources
2. Provide staffing for a Transportation Coordinator (ESF-1 Single Resource) in the EOC when activated
3. Provide resources as available to support ESF-1 response and recovery efforts
4. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
5. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
6. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
7. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
8. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
9. Prepare to support the Emergency Operations Center as necessary.
10. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
11. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
12. Document disaster related activities related to this ESF.
13. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines

14. Coordinate pertinent disaster recovery information with the County's Joint Information Center (JIC).
15. Identify damages and losses and prepare an action plan for recovery activities.
16. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

D. Chatham County Engineering Dept.

1. Following an Incident of Critical Significance, coordinate with ESF-1 Primary, CEMA, and other agencies as needed to assess the overall status of the transportation systems and infrastructure within the County and determine needed resources.
2. Provide staffing for the Re-entry Branch Director in the EOC when activated.
3. Provide resources as available to support response and recovery efforts.
4. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
5. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
6. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
7. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
8. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
9. Prepare to support the Emergency Operations Center as necessary.
10. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
11. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
12. Document disaster related activities related to this ESF.
13. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
14. Coordinate pertinent disaster recovery information with the County's Joint Information Center (JIC).
15. Identify damages and losses and prepare an action plan for recovery activities.
16. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

E. Chatham Emergency Management Agency

1. Provide the ESF-1 Primary with the guidance and support required to accomplish assigned tasks
2. Following an Incident of Critical Significance, coordinate with ESF-1 Primary and other agencies as needed to assess the overall status of the transportation systems and infrastructure within the County to determine needed resources
3. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
4. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
5. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
6. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
7. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
8. Prepare to support the Emergency Operations Center as necessary.
9. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
10. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
11. Document disaster related activities related to this ESF.
12. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
13. Coordinate pertinent disaster recovery information with the County's Joint Information Center (JIC).
14. Identify damages and losses and prepare an action plan for recovery activities.
15. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

F. Chatham Mosquito Control

1. Coordinate all local requests for air support (fixed and rotary wing)
2. Provide staffing for Air Support Operations Center (ASOC) when activated
3. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
4. Participate in drills, exercises, and other preparedness events to measure

- the Agency's readiness to support this ESF.
5. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
 6. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
 7. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
 8. Prepare to support the Emergency Operations Center as necessary.
 9. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
 10. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
 11. Document disaster related activities related to this ESF.
 12. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
 13. Coordinate pertinent disaster recovery information with the County's Joint Information Center (JIC).
 14. Identify damages and losses and prepare an action plan for recovery activities.
 15. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

I. INTRODUCTION

The emergency support function of communications and warning involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF has been established to assure the provision of communications support to municipal, county, and private-sector response efforts during a disaster or emergency.

1. ESF 2 will identify communications facilities, equipment and personnel that could be made available to support disaster recovery efforts.
2. ESF 2 will identify planned actions of telecommunications companies to restore services.
3. ESF 2 will coordinate the acquisition and deployment of communications equipment, personnel and resources to establish temporary communications capabilities following a disaster.

B. Scope

1. Communications is information transfer and involves the technology associated with the representation, transfer, interpretation, and processing of data among persons, places, and machines. It includes transmission, emission, or reception of signs, signals, writing, images, and sounds or intelligence of any nature by wire, radio, optical, or other electromagnetic systems.
2. ESF 2 plans, coordinates and assists with the provision of communications support to county disaster response elements. This ESF will coordinate emergency warnings and communications equipment and services from local, county and state agencies, voluntary groups, the telecommunications industry and the military.
3. ESF 2 will serve as the focal point of contingency response communications activity in Chatham County before, during and after activation of the EOC.
4. Operations necessary for the performance of this function include but are not limited to:

a. Preparedness

- i. Identify public and private communications facilities, equipment, and personnel located throughout Chatham County including emergency communications vehicles or mobile command posts.
- ii. Identify actual and planned actions of commercial telecommunications companies to restore services.
- iii. Coordinate the acquisition and deployment of communications equipment, personnel, and resources to establish temporary communications capabilities.
- iv. Develop and coordinate frequency management plans, including talk groups and trunked radio for use in disaster areas.
- v. Develop a long distance communications strategy for implementation during disasters.
- vi. Assess pre-event needs and develop plans to pre-stage assets for rapid deployment into disaster areas.
- vii. Develop plans to prioritize the deployment of services based on available resources and critical needs.
- viii. Plan for operations involving coordination with the state to coordinate communications assets beyond County capability.
- ix. Provide reliable links and maintain available support services for disaster communications with local, county, and state, agencies.
- x. Ensure all ESF 2 personnel integrate NIMS principles in all planning.
- xi. Participate in tests and exercises to evaluate the county emergency response capability.

b. Response

- i. Conduct communications needs assessments (to include

- determining status of all communications systems), prioritize requirements, and make recommendations to deploy equipment and personnel to affected area, as required.
- ii. Identify actual actions of commercial telecommunications companies to restore services.
- iii. Maintain constant two-way communication with all appropriate emergency-operating services of county and local governments.
- iv. Implement frequency management plan in the disaster area, including talk groups and trunked radio, as required.
- v. Provide capability for responsible officials to receive emergency information and communicate decisions.
- vi. Establish communications with GEMA SOC to coordinate communications assets, personnel, and resources and mobile command vehicles as needed.

c. Recovery

- i. Arrange for alternate communication systems to replace systems that are inoperative due to damage from disasters.
- ii. Maintain or restore contact with the other EOCs (state, cities, and county emergency management/preparedness organizations), as capabilities allow.
- iii. Make communications channels available to provide appropriate information to the public concerning safety and resources required for disaster recovery.
- iv. Maintain or restore contact with all appropriate emergency operations services of county government.
- v. Gather communications damage assessment information from public and private organizations (including telephone outages) and report to ESF 5.
- vi. Assess the need for and obtain telecommunications industry support as needed.
- vii. Prioritize the deployment of services based on available resources and critical needs.
- viii. Anticipate and plan for arrival of, and coordination with, GEMA ESF 2 personnel in the SOC and other established facilities.
- ix. Ensure ESF 2 team members or their agencies, maintain appropriate records of costs incurred during the event.

d. Mitigation

- i. Support and plan for mitigation measures.
- ii. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

I. INTRODUCTION

The emergency support function of public works and engineering involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF provides operational guidance to those who are assigned to work in public works and engineering services. The mission of this ESF is to remove debris from streets, eliminate hazards, manage storm damage, provide rapid restoration of water/sewer services, repair essential services, immediately provide damage assessment information and cooperate with other emergency agencies.

B. Scope

This ESF is structured to provide public works and engineering related support for the changing requirements of incident management to include

preparedness, prevention, response, recovery, and mitigation actions. Functions include but are not limited to:

1. Preparedness

a. General

- i. Participate in exercises and training to validate this annex and supporting SOPs.
- ii. Ensure all ESF 3 personnel integrate NIMS principles in all planning.

b. Public Works and Engineering

- i. Assist with the provision of water (potable and nonpotable) and ice into the disaster area if local supplies become inadequate.
- ii. In coordination with local emergency management officials, develop policy for conservation, distribution and use of potable and firefighting water.
- iii. Identify and locate chemicals to maintain a potable water supply.
- iv. Include in ESF 3 Standard Operating Procedures an alerting list, to include points-of-contact and telephone numbers, of agencies, counties, municipalities and organizations supporting public works and engineering functions.
- v. Maintain a current inventory of equipment and supplies, to include points-of-contact and telephone numbers, required to sustain emergency operations, including emergency power generators.
- vi. Establish operational needs for restoration of public works service during the emergency.
- vii. Develop and maintain listings of commercial and industrial suppliers of services and products, to include points-of-contact and telephone numbers associated with public works and engineering functions.
- viii. Plan engineering, contracting, and procurement assistance for emergency debris, snow or ice clearance, demolition, public works repair, and water supply, and sewer missions.
- ix. In conjunction with GEMA, plan for use of state resources to support ESF 3 operations.

- c. Damage Assessment: Coordinate the deployment of state damage assessment teams and other engineer teams into any area of the state.

2. Response

a. Public Works and Engineering

- i. Identify water and sewer service restoration, debris

- management, potable water supply, and engineering requirements as soon as possible.
- ii. Evaluate status of current resources to support ESF 3 operations.
- iii. Establish priorities to clear roads, repair damaged water/sewer systems and coordinate the provision of temporary, alternate or interim sources of emergency power and water/sewer services.
- iv. As needed, recommend priorities for water and other resource allocations.
- v. Procure equipment, specialized labor, and transportation to repair or restore public works systems.
- vi. Coordinate with GEMA for use of state assets.
- vii. Coordinate with ESF 6 for shelter support requirements.
- viii. Coordinate with ESF 8 and ESF 11 for advice and assistance regarding disposal of debris containing or consisting of animal carcasses.
- ix. Coordinate with ESF 10 for advice and assistance regarding disposal of hazardous materials.
- x. Coordinate with ESF 4 for advice and assistance regarding firefighting water supply.

b. Damage Assessment

- i. At the onset of an emergency or disaster, notify department/agency heads and local governments and volunteer organizations to have damage assessment and safety evaluation personnel available to deploy to affected area(s) and pre-position as appropriate.
- ii. Provide damage assessment coordinators and support for joint state/federal teams into the affected area, as required.
- iii. Coordinate with ESF 12 for public utility damage assessment information.
- iv. Collect, evaluate, and send damage assessment reports to ESF 5 and other appropriate agencies.
- v. Coordinate state and local damage assessment operations with related state and federal activities.
- vi. Prepare damage assessment documents in conjunction with GEMA where appropriate for a presidential emergency or major disaster declaration when necessary.

3. Recovery

a. General

- i. Anticipate and plan for arrival of and coordination with state and federal ESF 3 personnel in the EOC and/or the Joint Field Office (JFO).
- ii. Ensure that ESF 3 team members, their agencies, or other

tasked organizations, maintain appropriate records of time and costs incurred during the event.

b. Public Works and Engineering

- i. Maintain coordination with all supporting agencies and organizations on operational priorities for emergency repair and restoration. Coordinate, as needed, for debris management operations on public and private property.
- ii. Continue to monitor restoration operations when and where needed as long as necessary and until all services have been restored.

c. Damage Assessment: In conjunction with GEMA, develop disaster project worksheets as required.

4. Mitigation

- a. Support and plan for mitigation measures.
- b. Support requests and directives from GEMA concerning mitigation and/or re-development activities.
- c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

Public works and engineering services is the primary responsibility of Chatham Building Safety and Regulatory Services and support for this function is the responsibility of Board of Education, Chatham County Assessor's Office, Chatham County Engineering Dept., Chatham County Facilities Maintenance & Operations, Chatham County Public Works, Chatham Emergency Management Agency, Chatham Mosquito Control, City of Bloomingdale Public Works Department, City of Garden City Public Works, City of Pooler Public Works Department, City of Port Wentworth Public Works Department, City of Savannah Public Works and Water Resources, City of Thunderbolt Public Works Department, City of Tybee Island Public Works Department, Civil Air Patrol, Georgia Department of Transportation, Metropolitan Planning Commission, Savannah Area Geographic Information System (SAGIS, US Coast Guard / Marine Safety Unit, US Corps of Engineers (USACE) and USCG-Hunter.

1. Actions

a. Mitigation/Preparedness

- i. Recruit, train, and designate public works and engineering personnel to serve in the EOC.
- ii. Develop and maintain an inventory of equipment, supplies, and suppliers required to sustain emergency operations.
- iii. Prioritize service restoration for emergencies.
- iv. Establish liaison with support agencies, organizations, and the private sector to ensure responsiveness.
- v. Participate in drills and exercises to evaluate public works and engineering response capability.

b. Response/Recovery

- i. Alert emergency personnel of the situation and obtain necessary resources.
- ii. Establish response operations and support personnel working in the EOC.
- iii. Maintain coordination and support among applicable agencies and organizations and the private sector.
- iv. Channel all pertinent emergency information through the EOC.
- v. Assist in evaluating losses, recommending measures for conservation of resources, and responding to needs on a priority basis.
- vi. Conduct restoration and maintenance operations until completion of repair services.
- vii. Maintain records of expenditures and document resources utilized during recovery.

III. RESPONSIBILITIES

A. Chatham Building Safety and Regulatory Services

1. County and Municipal Authorities are responsible for their own public works and infrastructures and have the primary responsibility for incident prevention, preparedness, response, and recovery.
2. County and Municipal Entities are fully and consistently integrated into ESF activities. When activated to respond to an incident, the Primary Agency develops work priorities in cooperation with the County and Municipal governments.

3. County and Municipal Entities are responsible for obtaining required waivers and clearances related to ESF support.
4. Assess the need for and prioritize the deployment of services based on available resources and critical needs as they related to your responsibility. Also to develop procedures to obtain private sector support as required.
5. Request volunteer agencies and private resources with assets to contribute those assets to the response effort.
6. Evaluate the availability, operational condition and duration of need as well as logistical requirements necessary to obtain critically needed equipment.
7. Serve as primary role in ESF-3b Damage Assessment.
8. Coordinate with each support agency through at least quarterly meetings to ensure planning functions are carried out to support this ESF.
9. Provide an employee to staff the EOC during activation.
10. Coordinate with other ESFs to consolidate reports of damage and focus assessment efforts.
11. Act as liaison between the EOC and the State EOC for damage assessment activity.
12. Identify and facilitate resolution of area responsibility among agencies involved.
13. Maintain contact with municipal liaisons to collect and relay information.
14. Provide direction on policy issues.
15. Assist with public information releases regarding areas of damage.
16. Coordinate with the ESF 9 to exchange information regarding area condition and accessibility with the Search and Rescue Teams.
17. Establish a protocol for prioritizing response activities of ESF-3b.
18. Maintain record of expenditures and document resources utilized during response and recovery.
19. Attend at least quarterly meetings to ensure planning functions are carried out to support this ESF.
20. Participate in drills and exercises to evaluate local damage assessment capabilities.
21. Assess the need for and prioritize the damage assessment services based on available resources and critical needs. Also to develop procedures to obtain private sector support as required.
22. Assemble a list of public works and engineering related assets available to support damage assessment and coordinate this information with the EOC.
23. Ensuring compliance of existing codes for the repair of damaged structures in the unincorporated county and for county buildings.
24. Work with on-site safety inspection, permits, and codes for disaster recovery activities.
25. Coordinate the review and issuance of permits regarding repair and/or replacement of damaged structures.
26. Suggest special provisions regarding fees and paperwork submission for emergency and disaster repairs.
27. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agencies responsibilities to this ESF.

28. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
29. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
30. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
31. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
32. Prepare to support the Emergency Operations Center as necessary.
33. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
34. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
35. Document disaster related activities related to this ESF.
36. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
37. Coordinate pertinent disaster recovery information with the County Joint Information Center (JIC).
38. Identify damages and losses and prepare an action plan for recovery activities.
39. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

B. Board of Education

1. Identify all damages and losses and prepare an action plan for recovery activities.
2. Reopen school facilities.
3. Ensure schools are back in session as soon as possible.
4. Provide education and awareness for students, families, and teachers.
5. Provide case management support in association with CCOAD to meet needs of students affected by disaster.
6. Identify alternate locations for school facilities as necessary.
7. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
8. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
9. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
10. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
11. Identify Agency staff representatives supporting this ESF and other

- operational practices during emergency and disaster operations.
12. Prepare to support the Emergency Operations Center as necessary.
 13. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
 14. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
 15. Document disaster related activities related to this ESF.
 16. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
 17. Coordinate pertinent disaster recovery information with the County Joint Information Center (JIC).
 18. Identify damages and losses and prepare an action plan for recovery activities.
 19. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

C. Chatham County Assessor's Office

1. Advise citizens on property reassessment as a result of disaster damage
2. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
3. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
4. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
5. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
6. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
7. Prepare to support the Emergency Operations Center as necessary.
8. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
9. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
10. Document disaster related activities related to this ESF.
11. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
12. Coordinate pertinent disaster recovery information with the County Joint Information Center (JIC).
13. Identify damages and losses and prepare an action plan for recovery activities.
14. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

D. Chatham County Engineering Dept.

1. Provide design and construction oversight of design and construction contractors relative to the reconstruction of County buildings
2. Following an Incident of Critical Significance, coordinate with ESF-3a Primary, CEMA, and other agencies as needed to assess the overall status of transportation systems and infrastructure within the County
3. Assist in assessing public infrastructure to assure that infrastructure is safe for public use
4. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
5. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
6. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
7. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
8. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
9. Prepare to support the Emergency Operations Center as necessary.
10. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
11. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
12. Document disaster related activities related to this ESF.
13. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
14. Coordinate pertinent disaster recovery information with the County Joint Information Center (JIC).
15. Identify damages and losses and prepare an action plan for recovery activities.
16. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

E. Chatham County Facilities Maintenance & Operations

1. Provide staffing for the Facilities Unit (Logistics Section) in the EOC when activated
2. Following an Incident of Critical Significance, coordinate with ESF-3a Primary, CEMA, and other agencies as needed to assess the overall status of the critical facilities and maintenance infrastructure within the

County

3. Provide resources as available to support response and recovery efforts.
4. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.

10. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
11. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
12. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
13. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
14. Prepare to support the Emergency Operations Center as necessary.
15. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
16. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
17. Document disaster related activities related to this ESF.
18. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
19. Coordinate pertinent disaster recovery information with the County Joint Information Center (JIC).
20. Identify damages and losses and prepare an action plan for recovery activities.
21. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

G. Chatham Emergency Management Agency

1. Review and critique all actions and activities for possible future modifications and updates to county EOC procedures, the EOP, and the DRP.
2. Operate the EOC and transition from an EOC to an Recovery Coordination Center.
3. Advise County Commission and government of recovery requirements and procedures.
4. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
5. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
6. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
7. Ensure the presence of resources (human and physical) is in sufficient

- numbers to support the Agency's responsibilities to this ESF.
- 8. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.
- 9. Prepare to support the Emergency Operations Center as necessary.
- 10. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
- 11. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
- 12. Document disaster related activities related to this ESF.
- 13. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
- 14. Coordinate pertinent disaster recovery information with the County Joint Information Center (JIC).
- 15. Identify damages and losses and prepare an action plan for recovery activities.
- 16. Prepare to collect and maintain records of expenditures and document resources utilized during response and recovery operations.

H. Chatham Mosquito Control

- 1. Provide air asset support for damage assessment operations.
- 2. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
- 3. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
- 4. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
- 5. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.

- 7. Prepare to support the Emergency Operations Center as necessary.
- 8. Ensure Agency Staff maintain NIMS compliance and report compliance measurements annually when requested.
- 9. Annually evaluate Critical Workforce Staffing needs and report sheltering and equipment staging locations when requested.
- 10. Document disaster related activities related to this ESF.
- 11. Conduct recovery and restoration task in coordination with the County EOC/RCC and federal assistance program guidelines
- 12. Coordinate pertinent disaster recovery information with the County Joint Information Center (JIC).
- 13. Identify damages and losses and prepare an action plan for recovery activities.
- 14. Prepare to collect and maintain records of expenditures and document

resources utilized during response and recovery operations.

I. City of Bloomindgale Public Works Department

1. Responsible for their own public works and infrastructures and have the primary responsibility for incident damage assessment and recovery.
2. When activated to respond to an incident, the department develops work priorities in cooperation with the County and Municipal governments.
3. Serve as the jurisdiction's primary coordinator and point-of-contact for all ESF functions, including debris removal and other related tasks
4. Plan jurisdictional engineering, contracting, and procurement assistance for emergency debris, demolition, public works repair (water supply, and sewer)
5. Assess jurisdictional provisions of water (potable and non-potable); coordinate resupply if local supplies become inadequate
6. Maintain a current list of jurisdictional agencies and personnel supporting ESF-3 functions, provide this information to the ESF-3 Primary
7. Responsible for obtaining required waivers and clearances related to ESF support.
8. Identify all damages and losses and prepare an action plan for recovery activities
9. Develop appropriate Plans, Procedures, Mutual Aid Agreements, Checklists, Go-Kits, and other supporting documentation as needed to facilitate execution of the Agency's responsibilities to this ESF.
10. Participate in drills, exercises, and other preparedness events to measure the Agency's readiness to support this ESF.
11. Coordinate with other ESF Agencies through regularly scheduled ESF meetings to ensure planning functions are carried out to support this ESF.
12. Ensure the presence of resources (human and physical) is in sufficient numbers to support the Agency's responsibilities to this ESF.
13. Identify Agency staff representatives supporting this ESF and other operational practices during emergency and disaster operations.

I. INTRODUCTION

The emergency support function of firefighting services involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF provides a comprehensive mechanism to ensure appropriate utilization of local fire resources before and after the impact of a disaster. This will include but is not limited to the detection and suppression of urban, rural, and wildland fires resulting from, or occurring coincidentally with a significant natural or man-made disaster.

B. Scope

ESF 4 involves the management and coordination of firefighting resources in the detection and suppression of fires, during rescue situations, and when mobilizing and coordinating personnel, equipment, and supplies in support of local entities.

ESF 9, Search and Rescue and ESF10, Hazardous Materials, will be collocated with ESF 4 and are integral components of the function of ESF 4

support agencies. In preparation for and execution of its fire protection mission, ESF 4 will:

1. Preparedness

- a. Maintain current inventories of fire service facilities, equipment, and personnel throughout the County.
- b. Organize and train fire service emergency teams to rapidly respond to requests for assistance.
- c. Monitor weather and hazardous conditions that contribute to increased fire danger.
- d. Maintain personnel and equipment in a state of readiness appropriate to existing and anticipated emergency conditions to include mobilizing resources and staging them at various locations.
- e. Based on hazardous conditions, conduct fire prevention and education activities for the public.
- f. Participate in exercises and training to validate this annex and supporting SOPs.
- g. Ensure all ESF 4 personnel integrate NIMS principles in all planning.

2. Response

- a. Support local fire departments and the Forestry Commission with appropriate resources to include mobilizing and deploying firefighting teams and resources as needed.
- b. Coordinate with GEMA for use of state assets to support firefighting operations.
- c. Monitor status of firefighting resources committed to an incident.
- d. Maintain staging area locations.
- e. Plan for and establish relief resources to replace or rotate with committed resources for extended operations.
- f. Support fire investigations, as requested.
- g. Obtain and submit fire situation and damage assessment reports and provide information to EOC.
- h. Establish communications with the State Regional Fire Coordinator, when activated, to coordinate fire service response beyond the capability of County.
- i. When the situation dictates, coordinate with GEMA and/or SOC to invoke mutual aid agreements.
- j. Once resources are requested, provide for direct liaison with fire chiefs in affected areas to coordinate requests for specific assistance.
- k. Require supporting agencies maintain appropriate records of cost incurred during an event.
- l. Document any lost or damaged equipment, any personnel or equipment accidents.

3. Recovery

- a. Maintain adequate resources to support local operations and plan for

- a. a reduction of resources.
- b. Conduct reviews of incident actions with teams involved to improve future operations.
- c. Inventory lost or damaged equipment and record any personnel injuries or equipment accidents.
- d. Anticipate and plan for arrival of and coordination with state ESF 4 personnel in the EOC and the Joint Field Office (JFO).
- e. Inform agencies that provided resources where to send records for costs incurred during an event.

4. Mitigation

- a. Support and plan for mitigation measures.
- b. Support requests and directives from the state concerning mitigation and/or re-development activities.
- c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Fire Fighting Services

1. Strategy

EMERGENCY SUPPORT FUNCTION 5 EMERGENCY MANAGEMENT SERVICES

Primary Agency

Chatham Emergency Management Agency

Support Agencies

- Chatham Area Transit
- Chatham County Commission
- Chatham County Engineering Dept.
- Chatham Mosquito Control
- First Student Inc.

I. INTRODUCTION

The emergency support function of emergency management services involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF provides operational guidance to those who are assigned to work in this ESF. The mission of this ESF is to collect, process, and disseminate information about an actual or potential disaster situation, and facilitate the overall activities of response and recovery. It also is used to make appropriate notifications and interface with other local and state entities.

1. Provide technical information on plans, SOPs, research and support.
2. Collect, process and disseminate essential information to the EOC staff.
3. Develop briefings, displays, and plans.
4. Consolidate key information into reports and other materials; describe and document overall response activities and inform appropriate authorities of the status of the overall response operations.
5. Maintain displays of key information such as maps, charts and status boards, and computer bulletin boards or electronic mail, as available.
6. Establish a pattern of information flow and support of the action planning process initiated by the Command Staff.
7. Provide logistical support for EOC staffing and facility needs.
8. Establish historical records collection process and event reconstruction.
9. Generate various reports and releases to support operations.
10. Coordinate Incident Action Planning to support operations.
11. Support the implementation of mutual aid agreements to ensure a seamless resource response to affected jurisdictions.
12. Maintain an on-call workforce of trained and skilled reserve employees to provide the capability to perform essential emergency management

functions on short notice and for varied duration.

13. May follow established protocol to request additional state or federal assistance under the Stafford Act; communication made through the county emergency manager and GEMA based on need and scope of the emergency.

B. Scope

1. This ESF is structured to coordinate overall information and planning activities from the EOC in support of response and recovery operations. The ESF assimilates incident information when the EOC is activated from municipal representatives and activated ESFs.

2. Activities within the scope of this function include:

- a. Supporting ESFs across the spectrum of incident management from prevention to response and recovery.
- b. Facilitating information flow in the preparedness phase in order to place assets on alert or to preposition assets for quick response.
- c. Coordinating those functions that are critical to support and facilitate multi-agency planning and coordination for operations involving potential and actual disasters and emergencies.
- d. Utilizing alert and notification measures to assist in incident action planning, coordination of operations, logistics and material, direction and control, information management, facilitation of requests for State assistance, resource acquisition and management (to include allocation and tracking), worker safety and health, facilities management, financial management, and other support as required.

3. Preparedness

- a. Develop procedures and formats for information gathering and reporting to include procedures for SITREP format and submission.
- b. Train support agencies on roles and responsibilities.
- c. Develop information displays within the EOC.
- d. Ensure weather products are up to date and available for use in the SITREP.
- e. Participate in exercises and training to ensure planning functions are carried out to support this ESF and related SOPs.
- f. Ensure all ESF 5 personnel integrate NIMS principles in all planning.

4. Response

- a. Notify all ESF 5 supporting agencies upon activation.
- b. Assign duties to support agency personnel and provide training as required.
- c. Coordinate EOC effort in collecting, processing, reporting and displaying essential information to include development of the SITREP.
- d. Conduct planning to identify priorities, develop approaches, and

- devise recommended solutions for future response operations.
- e. Provide weather information and briefings to the EOC and others as required.
- f. Plan for support of mobilization sites, staging areas, and distribution points.
- g. Coordinate the reception of state personnel.
- h. Plan for transition to JFO and recovery operations.

5. Recovery

- a. Continue information gathering and processing.
- b. Collect and process information concerning recovery activities to include anticipating types of recovery information the EOC and other government agencies will require.
- c. Assist in the transition of direction and control from the EOC to the JFO.
- d. Anticipate and plan for the support and establishment of staging areas, distribution sites in coordination with ESF 7, and other local, state and/or federal emergency work teams and activities in the impacted area.
- e. Operate ESF 5 cells in both the EOC and JFO, as required.
- f. Perform ESF 14 planning functions in the EOC until ESF 14 is established at the JFO.
- g. Ensure that ESF 5 team members or their agencies maintain appropriate records of costs incurred during the event.

6. Mitigation

- a. Support and plan for mitigation measures.
- b. Support requests and directives from the state concerning mitigation and/or re-development activities.
- c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

I. INTRODUCTION

The emergency support function of mass care, housing and human services involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF provides operational guidance to those who are assigned to work in this ESF. The mission of this ESF is to coordinate activities involved with the emergency provision of temporary non-medical shelters, housing, and human services to include emergency mass feeding and disaster welfare information of individuals and/or families impacted by a disaster or emergency.

1. Coordinate the tasking of all sheltering activities during a disaster.
2. Coordinate with ESF 8 to establish and operate of mass feeding facilities in areas affected by disasters.
3. Coordinate with relief efforts provided by volunteer organizations performing mass care functions.
4. Coordinate the establishment of a system to provide shelter registration data to appropriate authorities.
5. Work with ESF 8 to coordinate provision of emergency first aid in shelters and fixed feeding sites.
6. Coordinate provision of medical support exceeding that required for standard first aid, for the prevention of communicable diseases, to include epidemiological and environmental health activities, as related to sheltering and feeding disaster victims.

7. Coordinate with ESF 12 to ensure each shelter has power generation capabilities.

B. Scope

1. This ESF is structured to promote the delivery of services and the implementation of programs to assist individuals, households and families impacted by potential or actual disaster or emergency. This includes economic assistance and other services for individuals impacted by the incident.
2. Activities within the scope of this function include:

a. Preparedness

- i. The primary agency will prepare for disasters by coordinating with support agencies for their participation in exercises.
- ii. ESF 8 will provide ESF 6 with regularly updated lists of planned special needs shelters or other special needs units in existence in each county.
- iii. ESF 6 will maintain a roster of primary contact ESF personnel.
- iv. ESF 6 will coordinate with the American Red Cross (ARC), Chatham County Emergency Management Agency, and GEMA to ensure an up-to-date shelter list is available.
- v. ESF 6 will procure and regularly update a list of all agencies (public and private) that have a mission and capability to provide mass feeding in times of disaster.
- vi. ESF 6 agencies will participate in exercises and training to validate this annex and supporting SOPs.
- vii. Ensure all ESF 6 personnel integrate NIMS principles in all planning.

b. Response

- i. Lead and support agencies will have and maintain appropriate listings of agency staff to notify for response activities.
- ii. ESF 6 will coordinate with ESF 5 and ESF 11 regarding mass feeding sites established by responding emergency management agencies.
- iii. Shelters will be opened and closed in accordance with public need as assessed by the appropriate volunteer organization, state and county emergency management agencies.
- iv. ESF 6 will monitor occupancy levels and ongoing victims needs, and will provide ESF 5 with an updated list of operational shelters.
- v. ESF 6 will coordinate with Chatham County Emergency Management Agency, ARC, VOAD, and ESF 8 to update lists of available shelters including special needs shelters.
- vi. ESF 6 will coordinate with ESF 8 for the provision of medical services and mental health services in shelters with the

- appropriate agencies.
- vii. ESF 6 will coordinate with appropriate agencies to ensure that each shelter has a working communications system and has contact with the County EOC and the managing agency. This may include radio, telephone, computer, or cellular telephone communication devices.
 - viii. ESF 6 will provide a list of mass care sites requiring restoration of services to EOC Operations.
 - ix. ESF 6 will coordinate with ESF 13 regarding additional security resources, if needed, at mass care shelters.

c. Recovery

- i. ESF 6 will coordinate with ESF 5, ESF 11, and ESF 8 to establish or support existing mass feeding sites operated by the American Red Cross, Salvation Army, and other volunteer agencies. The first priority of mass feeding activities will be disaster victims. Emergency workers will be encouraged to utilize established mass feeding sites in lieu of individual site distribution.
- ii. ESF 6 will coordinate mass feeding locations to ensure optimal access for public service based on emergency needs.
- iii. ESF 6 will coordinate with ESF 3 for garbage removal and ESF 8 for sanitation requirements and inspections at mass feeding sites in conjunction with county agencies.
- iv. ESF 6 will coordinate with ESF 11 and other responsible agencies for the provision of food and water to mass feeding sites, if needed. Liaison will be established with ESF 11 and 8 to ensure continued coordination for mass feeding.
- v. Anticipate and plan for arrival of and coordination with state ESF 6 personnel in the EOC and Joint Field Office (JFO).

d. Mitigation

- i. ESF 6 agencies will work to educate citizens on disaster preparedness and disaster mitigation activities.
- ii. Support requests and directives resulting from GEMA concerning mitigation and/or re-development activities.
- iii. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports, and action plans.

I. INTRODUCTION

The emergency support function of search and rescue involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

Rapidly deploy local search and rescue components to provide specialized life-saving assistance to municipal authorities during an emergency or disaster.

1. EMA will assist in coordinating county assets and augment agencies having SAR responsibilities and may request state and Federal SAR assistance.
2. ESF 9 will interface with ESFs 1 and 8 to assist with medical assistance and the transportation of victims beyond initial collection points.

B. Scope

Urban SAR activities include, but are not limited to, locating, extricating, and providing immediate medical assistance to victims trapped in collapsed structures. Non-urban SAR activities include, but are not limited to, emergency incidents that involve locating missing persons, boats which are lost at sea, locating downed aircraft, extrication if necessary, and treating any victims upon their rescue.

The emergency operations necessary for the performance of this function include, but are not limited to:

1. Preparedness

- a. Maintain a current inventory of resources, including trained personnel, which could support search and rescue operations. Maintain records reflecting local capability.
- b. Participate in exercises and training to validate this annex and supporting SOPs.
- c. Maintain liaison with State urban search and rescue assets and plan for reception of external assets.
- d. Maintain personnel and equipment in a state of readiness appropriate to existing and anticipated emergency conditions to include mobilizing resources and staging them at various locations.
- e. Assist local governments in training of personnel and rescue organizations for search and rescue operations.
- f. Ensure all ESF 9 personnel integrate NIMS principles in all planning.

2. Response

- a. Support local agencies with appropriate resources, to include mobilizing and deploying teams and equipment as needed.
- b. Using the ICS, assume responsibility for coordinating and tracking all resources committed to an incident. This may include placing personnel at a forward command post. Establish staging areas with the requesting group.
- c. Deploy liaison teams to county EOC or incident base of operations, as needed.
- d. Plan for and establish relief resources to replace or rotate with committed resources for extended operations.
- e. Coordinate other State and Federal support for search and rescue operations to include planning for reception and deployment to area of operations.

- f. Coordinate with ESF 1 for use of buses to transport rescue teams or rescued victims or persons evacuated from an emergency area to a safe location or emergency shelter.

3. Recovery

- a. Continue to support local operations and plan for a reduction of operations.
- b. Inventory any lost or damaged equipment and record any personnel injuries or equipment accidents.
- c. Anticipate and plan for arrival of and coordinate with state ESF 9 personnel in the EOC and the Joint Field Office (JFO).
- d. Require ESF 9 team members and their agencies maintain appropriate records of costs incurred during the event.

4. Mitigation

- a. Support and plan for mitigation measures.
- b. Support requests and directives resulting from the Governor and/or GEMA concerning mitigation and/or re-development activities.
- c. Document matters that may be needed for inclusion in county or state/federal briefings, situation reports and action plans.

I. INTRODUCTION

The emergency support function of hazardous materials involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF coordinates County support in response to an actual or potential discharge and/or uncontrolled release of oil or hazardous materials during disasters or emergencies.

B. Scope

This ESF will provide a coordinated response by local resources and initiate requests for state and federal resources when necessary to minimize adverse effects on the population and environment resulting from the release of or exposure to hazardous or radiological materials.

1. The emergency operations necessary for the performance of both

radiological and non-radiological components of this function include but are not limited to:

a. Preparedness

- i. Prepare an inventory of existing threats using SARA Title III, Tier II information.
- ii. Plan for response to hazardous materials incidents.
- iii. Develop plans for communications, warning, and public information.
- iv. Develop procedures for identification, control, and clean-up of hazardous materials.
- v. Provide, obtain, or recommend training for response personnel using courses made available by FEMA, Department of Energy (DOE), Nuclear Regulatory Commission (NRC), the Georgia Public Safety Training Center, EPA, and manufacturers and transporters of hazardous materials, as well as training based on OSHA requirements for each duty position.
- vi. Maintain a listing of private contractors capable of performing emergency and/or remedial actions associated with a hazardous materials incident.
- vii. Maintain an inventory of local assets capable of responding to a hazardous materials incident.
- viii. Develop plans and/or mutual aid agreements regarding hazardous materials incidents with local agencies, other county agencies, contiguous states, federal agencies, and private organizations as required.
- ix. Collect and utilize licensing, permitting, monitoring, and/or transportation information from the appropriate local, county, state, or federal agencies and/or private organizations to facilitate emergency response.
- x. Participate in exercises and training to validate this annex and supporting SOPs.
- xi. Ensure all ESF 10 personnel integrate NIMS principles in all planning.

b. Response

- i. ESF 10 will coordinate, with the Unified/Incident Command, all hazardous substance response specific efforts and provide information to the EOC for coordination of all other municipal efforts.
- ii. Provide 24-hour response capability and dispatch personnel to an incident scene as necessary.
- iii. ESF 10 will assess the situation to include: the nature, amount and location of real or potential releases of hazardous materials; pathways to human and environmental exposure; probable direction and time of travel of the materials; potential impact on human health, welfare, safety, and the environment; types,

- availability, and location of response resources, technical support, and cleanup services; and priorities for protecting human health, welfare and the environment.
- iv. After reviewing reports, gathering and analyzing information and consulting with appropriate agencies, determine and provide, as available, the necessary level of assistance.
 - v. Provide protective action recommendations, as the incident requires.
 - vi. Provide for monitoring to determine the extent of the contaminated area and consult with appropriate support agencies to provide access and egress control to contaminated areas.
 - vii. Consult with appropriate local, state, or federal agencies and/or private organizations with regard to the need for decontamination. Coordinate with ESF 8 regarding decontamination of injured or deceased personnel.
 - viii. Coordinate decontamination activities with appropriate local, state, and federal agencies.
 - ix. Coordinate with appropriate local, state, and federal agencies to ensure the proper disposal of wastes associated with hazardous materials incidents; and assist in monitoring or tracking such shipments to appropriate disposal facilities.
 - x. Coordinate with ESF 1 for the use of staging areas and air assets, and technical advice and assistance on regulated rail.
 - xi. Coordinate with ESF 3 for technical assistance on water, wastewater, solid waste, and disposal.
 - xii. Coordinate with ESF 12 for technical advice and assistance on intra-County pipelines.
 - xiii. Coordinate with GEMA for use of state assets.

c. Recovery

- i. Terminate operations when the emergency phase is over and when the area has been stabilized by responsible personnel.
- ii. Request and maintain documented records of all expenditures, money, and physical resources of the various governmental department/agencies involved in emergency operations. Ensure that ESF 10 team members or their agencies maintain appropriate records of costs incurred during the event.
- iii. Anticipate and plan for arrival of, and coordination with, state ESF 10 personnel in the EOC and the Joint Field Office (JFO).

d. Mitigation

- i. Support and plan for mitigation measures.
- ii. Support requests and directives resulting from the Governor and/or GEMA concerning mitigation and/or re-development activities.
- iii. Document matters that may be needed for inclusion in agency or

state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

The hazardous materials services function is the primary responsibility of Savannah Fire Department and support for this function is the responsibility of 165th Airlift Wing Fire Dept, Bryan County Fire Department, Chatham Building Safety and Regulatory Services, Chatham Emergency Management Agency, Chatham Mosquito Control, City of Bloomingdale Fire Department, City of Garden City Fire Department, City of Pooler Fire Department, City of Port Wentworth Fire Department, City of Thunderbolt Fire Department, City of Tybee Dispatch, City of Tybee Island Fire Department, Effingham County Fire Department, Hunter Army Airfield Fire Department, Isle of Hope Fire Department, Savannah Maritime Association, Southside Fire & EMS, US Coast Guard / Marine Safety Unit, US Coast Guard-Station Tybee and USCG-Hunter.

B. Actions

1. Mitigation/Preparedness

- a. Prepare a facility profile and inventory of potential hazardous materials.
- b. Identify potential contacts and resources in order to conduct a community vulnerability analysis to determine potential hazardous materials threats and on-site inspections.
- c. Plan for response to hazardous materials incidents and coordinate with the EMA and other first responders.
- d. Develop procedures for identification, communications, warning, public information, evacuation, control, and monitoring and/or supervising cleanup of hazardous materials.
- e. Obtain training for response personnel available through GEMA, Georgia Fire Academy, manufacturers and shippers of hazardous materials, and/or other sources.
- f. Participate in drills and exercises to evaluate hazardous materials response capabilities.

2. Response/Recovery

- a. Verify incident information and notify the EMA and other applicable

- agencies.
- b. Establish a command post at a safe distance near the scene or staff the EOC, if the situation becomes excessive.
- c. Provide further information on the situation to the EMA and convey warnings for dissemination to the public.
- d. Request assistance for emergency health and medical, as well as mass care, if the situation warrants.
- e. Ensure availability of expertise and equipment to manage the incident.
- f. Utilize proper procedures for containment to prevent additional dangers.
- g. Support response teams, owner, shipper, state, and/or federal environmental personnel during cleanup.
- h. Establish area security and prohibit all unauthorized personnel from entering the containment area.
- i. Terminate cleanup operations after dangerous situation subsides.
- j. Maintain records, expenditures, and document resources utilized during recovery.

III. RESPONSIBILITIES

A. Savannah Fire Department

1. Serve as primary role in ESF-10 Hazardous Materials Response.
2. Coordinate with each support agency through at least quarterly meetings to ensure planning functions are carried out to support this ESF.

I. INTRODUCTION

The emergency support function of agriculture and natural resources involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF provides operational guidance to those who are assigned to work this ESF. This ESF has been established to support provision of nutrition assistance, management of diseases, food safety, and to protect significant properties.

1. Actions undertaken through ESF 11 are coordinated with and conducted cooperatively with state and local incident management officials and with private entities.
2. Each supporting agency is responsible for managing its respective assets and resources after receiving direction from the primary agency for the incident.
3. Food Safety and Inspections are activated upon notification of the occurrence of a potential or actual disaster or emergency by the Department of Public Health.
4. Actions undertaken are guided by and coordinated with County and local emergency preparedness and response officials and State and Federal officials and include existing USDA internal policies and procedures.
5. Actions undertaken under ESF 11 to protect, conserve, rehabilitate, recover and restore resources are guided by the existing internal policies and procedures of the primary agency for each incident.
6. The primary agency for each incident coordinates with appropriate ESFs and other annexes to ensure appropriate use of volunteers and their health and safety and to ensure appropriate measures are in place to protect the health and safety of all workers.
7. Control and eradication of an outbreak of a highly contagious or economically devastating animal/zoonotic disease, highly infective exotic plant disease, or economically devastating plant pest infestation.
8. Assurance of food safety and food security.
9. Protection of natural and cultural resources and historic property resources before, during, and/or after a disaster or emergency.

B. Scope

To provide for the following functional responsibilities:

Identify, secure and distribute food, bottled beverages, and supplies, and support the provision for sanitary food storage, distribution, and preparation during an emergency or disaster; Provide for mitigation, response and recovery to natural disasters, and/or acts of terrorism affecting animals, agriculture production, and the food sector; Assist agriculture in an outbreak of a highly infectious/contagious or economically devastating animal/zoonotic disease, or a highly ineffective or economically devastating plant pest disease or infestation; Assist with agriculture production, animal industry, and wildlife adversely affected by a disaster, either natural or man-made; and, Conserve,

rehabilitate, recover and restore natural, cultural, and historic properties prior to, during, and after a man-made or natural disaster.

1. Preparedness

- a. Maintain an accurate roster of personnel assigned to perform ESF 11 duties during a disaster.
- b. Identify and schedule disaster response training for ESF 11 personnel.
- c. Maintain current food resource directories to include maintaining points of contact.
- d. Identify likely transportation needs and coordinate with ESF 1.
- e. Ensure all ESF 11 personnel integrate NIMS principles in all planning. As a minimum, primary action officers for all ESF 11 agencies will complete ICS 200, 300, and 700 courses.

2. Response

- a. Lead support agencies will maintain a roster of personnel assigned to perform ESF 11 duties during a disaster.
- b. Coordinate with ESF 6 and ESF 5, regarding mass feeding sites established by responding emergency management agencies.
- c. ESF 11 will coordinate with EMA and Public Health to update lists of all available provision of medical services with appropriate agencies.
- d. ESF 6 will provide a list of mass care sites requiring restoration of services to EOC Operations.
- e. ESF 6 will coordinate with ESF 13 regarding additional security resources, if needed, at mass care shelters.

3. Recovery

- a. ESF 11 will coordinate with ESFs 5, 6, and 8 to establish or support existing mass feeding sites operated to ensure optimal access for public service based on emergency needs.
- b. ESF 11 will coordinate with State agencies for the provision of food and water to mass feeding sites, if necessary.

4. Mitigation

- a. Support and plan for mitigation measures.
- b. Support requests and directives resulting from GEMA and/or other state agencies and federal partners concerning mitigation and/or re-development activities.
- c. Document matters that may be needed for inclusion in agency, county, or state/federal briefings, situation reports and action plans.
- d. Work to educate citizens on disaster preparedness and disaster mitigation activities.

II. CONCEPT OF OPERATIONS

A. Natural Disaster and Animals, Animal Industry and Wildlife

1. Strategy

The agency assigned primary responsibility for ESF 11 will coordinate with appropriate agencies and organizations to ensure operational readiness. Agencies with responsibilities for this section of ESF 11 will coordinate with the Georgia Department of Agriculture (GDA) and the Georgia Department of Natural Resources (DNR), and the lead state agencies for ESF 11. The GDA will develop and maintain Standard Operating Procedures to include, but not limited to poultry, cattle, swine, dairy, equine, goats, sheep, and companion animal industries for a natural disaster. DNR will develop and maintain Standard Operating Procedures regarding aquaculture, seafood, wildlife, and exotic animals for natural disasters and the preservation of natural, cultural, and historic resources.

2. Actions

a. Mitigation/Preparedness

- i. Develop mutual aid agreements with professional associations and private agencies/organizations.
- ii. Coordinate with ESF 6 in identifying potential pet friendly shelters near approved emergency American Red Cross shelters.
- iii. Participate in and/or conduct exercises or tests regularly, to validate this ESF and related SOPs.
- iv. Prepare, in conjunction with GEMA, public service announcements (PSAs) to increase public awareness regarding pet options and animal directives.
- v. Participate in drills and exercises to evaluate animal and animal industry response capability.

b. Response/Recovery

- i. Support the EMA-EOC with all available resources.
- ii. Coordinate local emergency response with regional and state systems.
- iii. Request additional personnel and equipment for triage and shelter facilities, when necessary.
- iv. Manage and direct evacuation of animals from risk areas and provide technical assistance to prevent animal injury and disease dissemination.
- v. Obtain additional supplies, equipment, personnel, and technical assistance from support agencies and the private sector.

- vi. Provide assistance and care for livestock and other animals impacted by the disaster. If this assistance and care cannot be provided locally, request assistance from ESF 11 through the SOC.
- vii. Provide information to state ESF 11 on all available animal shelter facilities and confinement areas identified, before, during and after the disaster.
- viii. Assist with the evacuation of animals from risk areas and provide technical assistance to prevent animal injury and disease dissemination. Request additional assistance from state ESF 11 as needed.
- ix. Support GA-SART(s) as necessary.
- x. Coordinate with supporting agencies and Volunteer Agencies Active in Disaster (VOAD) for additional animal emergency sheltering and stabling for both large and small animals.
- xi. Restore equipment and supplies to a normal state of operational readiness.
- xii. Maintain financial records on personnel, supplies, and other resources utilized. Report to EMA upon request.
- xiii. Resume day-to-day operations.

B. Nutrition Assistance and Food Safety

1. Strategy

The agency assigned primary responsibility for ESF 11 will coordinate with appropriate agencies and organizations to ensure operational readiness. Agencies with responsibilities for this section of the ESF, will coordinate with the EMA, GDA, and DNR. This function will be coordinated with and involve other support agencies and organizations.

2. Actions

a. Mitigation/Preparedness

- i. Identify agencies and organizations responsible for food safety inspections and monitoring and coordinate MOUs with appropriate entities.
- ii. Maintain procedures and responsibilities for food inspection and response to threatened food supplies.
- iii. Establish a system for the notification process of suspected or adulterated food supplies.
- iv. Participate in tests and exercises to evaluate communication with other agencies with food safety and security duties.
- v. Coordinate with ESF 6, the response to mass food distribution from secured sources.
- vi. Coordinate the development of an operational plan that will ensure timely distribution of food and drinking water.

- vii. Assess the availability of food supplies and storage facilities capable of storing dry, chilled, or frozen food.
- viii. Assess the availability of handling equipment and personnel for support.
- ix. Develop notification procedures for mobilizing food services, personnel, and resources.

b. Response/Recovery

- i. Coordinate with state and local agencies and authorities for requested support if county agencies are overwhelmed.
- ii. Identify proper state and federal agencies to contact in the event of suspicious activity contributing to adulterated food supplies.
- iii. Provide guidance for immediate local protective actions and reports, and establish communication with GDA and the Department of Human Resources (DHR).
- iv. Work with local EMA to determine critical food needs of the affected population in terms of numbers of people and their location.
- v. Coordinate community resources and personnel to assist with delivery services and/or distribution as necessary for secured food supplies.
- vi. Provide assistance in support of ESF 6 Mass Care, establishing distribution sites and requirements for distribution.
- vii. Establish linkages with volunteer and private agencies/organizations involved in congregate meal services.
- viii. Secure food, transportation, equipment, storage, and distribution facilities.
- ix. Initiate procurement of essential food and supplies not available from existing inventories.
- x. Refer victims needing additional food to volunteer and private agencies/organizations.
- xi. Coordinate with appropriate law enforcement in events where contamination of the food supply with a chemical or biological agent may have been suspicious or intentional.
- xii. Designate certain individuals to serve as expert points of contact for law enforcement.
- xiii. Provide for communication, surveillance, and response with all appropriate agencies in response to an act of agro-terrorism.
- xiv. Coordinate public information and provide updates for ESF 15 to distribute to the public and media.
- xv. Maintain financial records on personnel, supplies, and resources utilized, and report expenditures to local EMA and GEMA upon request.
- xvi. Resume day-to-day operations.

C. Animal and Plant Diseases and Pests

1. Strategy

The agency assigned primary responsibility for ESF 11 will coordinate with appropriate agencies and organizations to ensure operational readiness. Agencies with responsibilities for this section of the ESF, will coordinate with the EMA, GDA, and DNR. This function will be coordinated with and involve other support agencies and organizations.

2. Actions

a. Mitigation/Preparedness

- i. Develop mutual aid agreements with government agencies, professional associations, and private agencies/organizations.
- ii. Work with GDA and DNR to train first responders, community leaders, and the agricultural industry at the awareness level in agro-security and agro-terrorism.
- iii. Work with GDA and DNR to provide for surveillance of foreign animal diseases or an animal disease, syndrome, chemical, poison, or toxin that may pose a substantial threat to the animal industries, aquaculture or seafood industries, the economy, or public health of the state.
- iv. Provide for surveillance of pests which may pose a potential or substantial threat to agriculture, horticulture, the economy, or the public health of the state.
- v. Develop local plans and resources to enhance awareness of surveillance for early detection of animal health emergencies and agro-terrorism.
- vi. Conduct and/or participate in exercises, training sessions, and workshops to assist local communities and support agencies/organizations.
- vii. Encourage support agencies to develop emergency operations plans that detail their support functions for ESF 11.

b. Response/Recovery

- i. Work with GDA and other appropriate state agencies to coordinate the collection of samples, ensure proper packaging and handling, and deliver them to designated laboratories for testing.
- ii. Coordinate the crisis response and the resulting consequences, as well as cooperate with law enforcement officials and the State of Georgia in criminal investigations, if a terrorist act is suspected in connection with an agriculture, animal, or food incident.
- iii. Work with GDA to coordinate the decontamination and/or destruction of animals, plants, cultured aquatic products, food, and their associated facilities as determined necessary.
- iv. Support GDA's efforts to quarantine, stop sale, stop movement, and place other restrictions under GDA authority of animals,

- plants, equipment, and products as necessary to control and eradicate diseases and pests.
- v. Secure supplies, equipment, personnel and technical assistance from support agencies/organizations, and other resources to carry out the response plans associated with animal health emergency management or any act of agro-terrorism that may pose a substantial threat to the state.
- vi. Manage and direct evacuation of animals from risk areas and provide technical assistance to prevent animal injury and disease dissemination.
- vii. Support any identified County Agriculture Response Teams(CARTs) and other local emergency response teams with the statewide support network and the State Agriculture Response Teams (GA-SARTs).
- viii. Determine need for mutual aid assistance and implement requests for assistance through local mutual aid agreements or through GEMA for state assistance, or mutual aid assistance through agreements such as the Emergency Management Assistance Compact (EMAC).
- ix. Request Veterinary Medical Assistance Team (VMAT) assistance through the SOC if needed.
- x. Coordinate operations to assure occupational safety measures are followed.
- xi. Coordinate damage assessment as necessary.
- xii. Restore equipment and supplies to a normal state of operational readiness.
- xiii. Coordinate public information to provide updates to ESF 15.
- xiv. Maintain financial records on personnel, supplies, and other resources utilized and report to local EMA and GEMA upon request.
- xv. Resume day-to-day operations.

D. Resource Protection

1. Strategy

The agency assigned primary responsibility for ESF 11 will coordinate with appropriate agencies and organizations to ensure operational readiness. Agencies with responsibilities for this section of the ESF, will coordinate with the EMA, GDA, and DNR. This function will be coordinated with and involve other support agencies and organizations. ESF 11 agencies will coordinate with public natural, cultural, and historic properties and state agencies to develop Standard Operating Procedures(SOPs) for disaster prevention, preparedness, and recovery. On the state level, the Georgia Archives will manage, monitor, and assist in or conduct response and recovery actions to minimize damage to natural, cultural, or historic property resources, including essential government and historical records. ESF 11 agencies will request

assistance for this resource through the SOC.

2. Actions

a. Mitigation/Preparedness

- i. Participate in mutual aid agreements with government agencies, professional organizations, private agencies, and organizations.
- ii. Develop inventory of natural, cultural, and historic resources that will be covered by this plan.
- iii. Participate in a and/or conduct workshops for historical and cultural properties to encourage developmental plans for disaster prevention, preparedness, and recovery.

b. Response/Recovery

- i. Support the disaster recovery with all available resources.

IV. COUNTY-SPECIFIC INFORMATION

For Chatham County, ESF-11 is divided into three parts (A, B and C).

ESF-11A coordinates all Animals in Disaster actions and is lead by Chatham Emergency Management Agency.

ESF-11B coordinates all Food and Water actions and is lead by Chatham Emergency Management Agency.

ESF-11C coordinates all Historical actions and is lead by the Savannah Heritage Emergency Response (SHER) group.

I. INTRODUCTION

The emergency support function of energy services direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF provides operational guidance to those who are assigned to work in this ESF. The mission of this ESF is to coordinate response activities of energy and utility organizations in responding to and recovering from fuel shortages, power outages, and capacity shortages which impact or threaten to impact Chatham County citizens and visitors during and after a potential of actual disaster or emergency.

1. This ESF will coordinate providing sufficient fuel supplies to emergency response organizations and areas along evacuation routes.
2. Coordinate the provision of materials, supplies, and personnel for the support of emergency activities being conducted.
3. Maintain communication with utility representatives to determine emergency response and recovery needs.
4. Coordinate with schools and other critical facilities within the county to identify emergency shelter power generation status/needs; and coordinate with other ESFs with assistance in providing resources for

emergency power generation.

5. Maintain lists of energy-centric critical assets and infrastructures, and continuously monitors those resources to identify and correct vulnerabilities to energy facilities.
6. Addresses significant disruptions in energy supplies for any reason, whether caused by physical disruption of energy transmission and distribution systems, unexpected operational failure of such systems, or unusual economic or political events.

B. Scope

This ESF is structured to coordinate the provision of emergency supply and transportation of fuel and the provision of emergency power to support immediate response operations as well as restoring the normal supply of power to normalize community functioning. This ESF will work closely with local and state agencies, energy offices, energy suppliers and distributors.

The emergency operations necessary for the performance of this function include but are not limited to:

1. Preparedness

- a. Develop and maintain current directories of suppliers of services and products associated with this function.
- b. Establish liaison with support agencies and energy-related organizations.
- c. In coordination with public and private utilities, ensure plans for restoring and repairing damaged energy systems are updated.
- d. In coordination with public and private utilities, establish priorities to repair damaged energy systems and coordinate the provision of temporary, alternate, or interim sources of natural gas supply, petroleum fuels, and electric power.
- e. Promote and assist in developing mutual assistance compacts with the suppliers of all power resources.
- f. Develop energy conservation protocols.
- g. Ensure all ESF 12 personnel integrate NIMS principles in all planning.

2. Response

- a. Analyze affected areas to determine operational priorities and emergency repair procedures with utility field personnel. Provide status of energy resources to the EOC Operations Group as required and, when possible, provide data by county.
- b. In coordination with public and private utilities, prioritize rebuilding processes, if necessary, to restore power to affected areas.
- c. Locate fuel for emergency operations.
- d. Administer, as needed, statutory authorities for energy priorities and allocations.
- e. Apply necessary County resources, to include debris removal, in accordance with established priorities in response to an emergency.

- f. Provide energy emergency information, education and conservation guidance to the public in coordination with the EOC Public Information Group.
- g. Coordinate with ESF 1 for information regarding transport of critical energy supplies.
- h. Plan for and coordinate security for vital energy supplies with ESF 13.
- i. Maintain continual status of energy systems and the progress of restoration.
- j. Utility repair and restoration activities to include collecting and providing energy damage assessment data to ESF 3.
- k. Recommend energy conservation measures.

3. Recovery

- a. Maintain coordination with all supporting agencies and organizations on operational priorities and emergency repair and restoration.
- b. Continue to provide energy emergency information, education and conservation guidance to the public in coordination with ESF15.
- c. Anticipate and plan for arrival of and coordinate with state ESF12 personnel in the EOC and the Joint Field Office.
- d. Continue to conduct restoration operations until all services have been restored.
- e. Ensure that ESF12 team members or their support agencies maintain appropriate records of costs incurred during the event.

4. Mitigation

- a. Anticipate and plan for mitigation measures.
- b. Support requests and directives resulting from the Governor and/or the state concerning mitigation and/or redevelopment activities.
- c. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this section of the ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

Energy services is the primary responsibility of Chatham County Department of Public Works and support for this function is the responsibility of Atlanta Gas Light, Chatham Emergency Management Agency, City of Bloomindgale Public Works Department, City of Garden City Public Works, City of Pooler Public Works Department, City of Port Wentworth Public Works Department, City of Savannah Public Works and Water Resources, City of Thunderbolt

Public Works Department, City of Tybee Island Public Works Department, Colonial Oil Industries, Inc., Georgia Natural Gas, Georgia Power, Strickland Oil and US Corps of Engineers (USACE).

1. Actions

a. Mitigation/Preparedness

- i. Establish liaison support to ensure responsiveness, in conjunction with EMA and the private sector.
- ii. Identify additional resources and assistance teams;
- iii. Develop emergency response support plans.
- iv. Prepare damage assessment, repair and restoration procedures, and reporting mechanisms.
- v. Recommend actions to conserve energy and conservation guidance.
- vi. Participate in drills and exercises to evaluate energy response capabilities.

b. Response/Recovery

- i. Determine critical energy supply needs of priority populations (e.g., infants, elderly, and other people with special needs).
- ii. Gather, assess, and share information on energy system damage, as well as estimate repair and restoration time.
- iii. Activate assistance teams and obtain necessary resources to assist in recovery.
- iv. Serve as the focal point for the EMA and EOC in order to protect the health and safety of affected persons.
- v. Work with the EMA to provide public service announcements on energy conservation, mitigation impacts, and restoration forecasts.
- vi. Coordinate with other affected areas to maximize resources and information exchange.
- vii. Conduct repair and maintenance operations until restoration of all services.
- viii. Maintain records, expenditures, and document resources utilized during recovery.

I. INTRODUCTION

The emergency support function of public safety and security services involves direction and coordination, operations and follow-through during an emergency or disaster.

A. Purpose

This ESF integrates countywide public safety and security capabilities and

resources to support the full range of incident management activities associated with potential or actual disaster or emergency.

1. Local, private sector, and specific State and Federal authorities have primary responsibility for public safety and security, and typically are the first line of response and support in these functional areas.
2. In most incident situations, local jurisdictions have primary authority and responsibility for law enforcement activities, utilizing the Incident Command System on-scene. In larger-scale incidents, additional resources should first be obtained through the activation of mutual aid agreements with neighboring localities and/or State authorities, with incident operations managed through a Unified Command structure.
3. Through ESF 13, State and/or Federal resources could supplement County and local resources when requested or required, as appropriate, and are integrated into the incident command structure using NIMS principals and protocols.
4. ESF 13 primary agencies facilitate coordination among supporting agencies to ensure that communication and coordination processes are consistent with stated incident management missions and objectives.
5. When activated, ESF 13 coordinates the implementation of authorities that are appropriated for the situation and may provide protection and security resources, planning assistance, technology support, and other technical assistance to support incident operations, consistent with agency authorities and resource availability.

B. Scope

This ESF is structured to oversee public safety to include law enforcement, victim recovery, and deceased identification and mortuary services. The emergency operations necessary for the performance of this function include but are not limited to:

1. Preparedness

- a. ESF 13 capabilities support incident management requirements including force and critical infrastructure protection, security, planning and technical assistance, technology support, and public safety in both pre-incident and post-incident situations.
- b. ESF 13 is generally activated in situations requiring extensive assistance to provide public safety and security and where local government resources are overwhelmed or are inadequate, or in pre-incident or post-incident situations that require protective solutions or capabilities unique to the county.
- c. ESF 13 will procure and regularly update a list of all agencies (public and private) that have the capability to provide law enforcement and security services and victim recovery and mortuary services.

2. Response

- a. Provide warning and communications in support of the

- communications and warning plans.
- b. Staff the EOC as directed.
- c. Provide security to the EOC.
- d. Secure evacuated areas, including safeguarding critical facilities, and controlling entry and exit points to the disaster area as requested.
- e. ESF 13 will coordinate with ESF 5 to request additional resources, if needed.
- f. ESF 13 will activate existing MOUs with appropriate entities.

3. Recovery

- a. Continue those operations necessary to protect people and property.
- b. Assist in return of evacuees.
- c. Assist with reconstitution of law enforcement agencies as necessary.
- d. Require ESF 13 team members or their agencies maintain appropriate records of costs incurred during the event.
- e. Phase down operations as directed by the EOC.

4. Mitigation

- a. ESF 13 agencies will conduct and/or support community education programs on survival and safety.
- b. Support requests and directives resulting from GEMA and/or other state agencies and federal partners concerning mitigation and/or redevelopment activities.
- c. Document matters that may be needed for inclusion in agency, county, state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

A. Law Enforcement and Security

1. Strategy

Standard Operating Procedures (SOPs) will be developed and maintained by the agency or organization that has primary responsibility for this ESF, in cooperation with the EMA. This function will be coordinated with and involve other support agencies and organizations.

2. Actions

a. Mitigation/Preparedness

- i. Analyze hazards and determine law enforcement requirements.
- ii. Identify agencies, organizations and individuals capable of providing support services.

I. INTRODUCTION

A. Purpose

This ESF provides operational guidance to those who are assigned to work in this ESF. The mission of this ESF is to provide a framework for Chatham County Emergency Management Agency support to municipal governments, nongovernmental organizations, and the private sector designed to enable community recovery from the long-term consequences of a disaster or emergency.

1. ESF 14 recognizes the primacy of affected governments and the private sector in defining and addressing risk reduction and long-term community recovery priorities.
2. Agencies continue to provide recovery assistance under independent authorities to municipal governments; the private sector; and individuals, while coordinating activities and assessments of need for additional assistance through the ESF 14 coordinator.
3. Support is tailored based on the type, extent, and duration of the event and long-term recovery period, and on the availability of state and federal resources.
4. Long-term community recovery and mitigation efforts are forward-looking and market-based, focusing on permanent restoration of infrastructure, housing, and the economy, with attention to mitigation of future impacts of a similar nature, when feasible.
5. The Federal Government uses the post-incident environment as an opportunity to measure the effectiveness of previous community recovery and mitigation efforts.
6. ESF 14 facilitates the application of loss reduction building science expertise to the rebuilding of critical infrastructure (e.g., in repairing hospitals or emergency operation centers to mitigate for future risk).

B. Scope

Structure: This ESF will provide coordination during large-scale or catastrophic incidents that require assistance to address significant long-term impacts in the affected area (e.g., impacts on housing, businesses and employment, community infrastructure, and social services). Activities within the scope of this function include:

1. Preparedness

- a. Develop systems to use predictive modeling to determine vulnerable critical facilities as a basis for identifying recovery activities.
- b. Review County Hazard Mitigation Plan to identify vulnerable facilities.
- c. Analyze and evaluate long-term damage assessment data.
- d. Ensure all ESF 14 personnel integrate NIMS principles in all planning.

2. Response

Use predictive modeling to determine vulnerable critical facilities as a basis for identifying recovery activities.

3. Recovery

- a. Analyze evaluate long-term damage assessment data.
- b. In coordination with the state government, assign staff to identify and document economic impact and losses avoided due to previous mitigation and new priorities for mitigation in affected areas.
- c. Review the County Hazard Mitigation Plan for affected areas to identify potential mitigation projects.

4. Mitigation

- a. Support requests and directives resulting from the state and/or federal government concerning mitigation and/or re-development activities.
- b. Document matters that may be needed for inclusion in agency or state/federal briefings, situation reports and action plans.

II. CONCEPT OF OPERATIONS

- A. This ESF will assess the social and economic consequences in the impacted area and coordinate efforts to address long-term community recovery issues resulting from a disaster or emergency.
- B. Advise on the long-term recovery implications of response activities and coordinate the transition from response to recovery in field operations.
- C. Work with municipal governments; non-governmental organizations; and private-sector organizations to conduct comprehensive market disruption and

loss analysis and develop a comprehensive long-term recovery plan for the community.

- D. Identify appropriate State and Federal programs and agencies to support implementation of the long-term community recovery plan, ensure coordination, and identify gaps in resources available.
- E. Determine/identify responsibilities for recovery activities, and provide a vehicle to maintain continuity in program delivery among departments and agencies, and with municipal governments and other involved parties, to ensure follow-through of recovery and hazard mitigation efforts.
- F. Develops coordination mechanisms and requirements for post-incident assessments, plans, and activities that can be scaled to incidents of varying types and magnitudes.
- G. Establishes procedures for integration of pre-incident planning and risk assessment with post-incident recovery and mitigation efforts.
- H. Facilitates recovery decision making across ESFs. Also facilitates awareness of post incident digital mapping and pre-incident County and municipal hazard mitigation and recovery planning across ESFs

IV. COUNTY-SPECIFIC INFORMATION

CCPIOA: The Chatham County Public Information Officers Association (CCPIOA) should be used as support to respond to Incidents of Critical Significance. The CCPIOA is a County interagency contact group incorporating public affairs representatives from County departments and independent agencies to increase awareness, teamwork, and interoperability among County incident communications staff. The CCPIOA meets regularly and trains and exercises the county's Joint Information System Plan.

CEMAs ROLE: ESF-15 identifies the procedures to resource the external affairs processes as described in this Plan. External affairs resources are coordinated by the ESF-15 representatives in the Emergency Operations Center as directed by the County Public Information Officer. ESF-15 provides the County resource and implementation mechanisms to ensure delivery of the messages developed in coordination with the interagency core group (described in the JIS Plan). The staff of CEMA coordinates messages with public affairs representatives from all involved departments and agencies.
