INTRODUCTION

The emergency support function of Search and Rescue services involves direction and coordination, operations, and follow-through during an emergency or disaster.

Purpose

ESF-9 Search and Rescue provides operational guidance to departments/organizations that are assigned to work within this ESF. The mission of ESF-9 is to rapidly deploy local search and rescue components to provide specialized life-saving assistance to municipal authorities during an emergency or disaster event. This however is not a tactical response document. ESF-9 Search and Rescue serves as the mechanism to provide coordination and resource support to local jurisdictions involved in both urban and non-urban search and rescue operations.

Scope

ESF-9 acts to meet the Search/Rescue and essential elements of information needs of operations by establishing a framework for the management and coordination of Search and Rescue resources for locating, extricating and providing medical assistance to individuals in both the urban and non-urban setting.

CONCEPT OF OPERATIONS

General

During an emergency or disaster, ESF-9 may be activated to support operations and assist with the development of a common operating picture. The scope, scale and magnitude of the threat/incident will dictate which support agencies will be requested for the support of ESF-9 Search and Rescue in the EOC.

Preparedness

- a. Maintain a current listing of available resources and trained personnel that could support search and rescue operations and ensure a state of readiness.
- b. Ensure the development of uniformed Search and Rescue Standard Operating Procedures.
- c. Establish procedures for the recruitment, training and certification of Search and Rescue Personnel.
- d. Anticipate the mobilization of personnel and equipment during existing or anticipated emergencies and be prepared to stage those resources at assigned locations.
- e. Establish and maintain a liaison with state Urban Search and Rescue assets and anticipate the arrival of external assets in support of operations as appropriate.
- f. Coordinate the development of MOA's with appropriate agencies/organizations for the provision of services to assist individuals and families affected by the emergency or disaster.

- g. Conduct and/or support community education programs regarding survival skillsets.
- h. Ensure all ESF-9 personnel integrate NIMS principles.

Response

- a. Provide support to local agencies through the provision of necessary resources to include the mobilization and deployment of teams and equipment in support of Search and Rescue operations.
- b. Assume responsibility for the coordination and tracking of all resources committed to a Search and Rescue incident. This may include the placement of personnel at an Incident Command Post and the establishment of staging areas.
- c. Deploy liaison teams to the Incident Command Post or County EOC as necessary to support operations.
- d. Coordinate the utilization of available resources to augment response agencies during search and rescue operations and request state and federal assistance as necessary.
- e. Establish procedures for the rotation of resources to provide relief to emergency responders during extended Search and Rescue operations.
- f. Ensure all emergency Search and Rescue incident information is provided to the EOC to ensure the development of a common operating picture and maintain situational awareness.
- g. Coordinate with ESF-15 External Affairs for the dissemination of information to members of the general public and local media outlets.
- h. Coordinate with ESF-1 Transportation for the utilization of available resources to transport emergency workers, evacuated persons and rescued victims from the emergency scene to an identified safe location or emergency shelter.
- i. Coordinate with ESF-1 Transportation and ESF-8 Health and Medical for the provision of medical assistance and the transportation of victims beyond initial collection points.
- j. Establish procedures for the reception and deployment of State and Federal resources in support of Search and Rescue operations.

Recovery

- a. Maintain adequate resources to support local operations and plan for a reduction in resources.

- b. Inventory lost or damaged equipment and record any personnel injuries or equipment accidents.
- c. Conduct reviews of Search and Rescue operations with teams involved to improve future responses.

Mitigation

- a. Support and plan for mitigation measures.

Organization

The County EOC will be activated to coordinate a multijurisdictional level response.

Representatives from the applicable ESF-9 Agencies may be assigned to the EOC or alternate location, as best suited to meet incident needs and coordinate operations.
