Construction on Veterans Parkway Continues with New Lane Closures

Chatham County, GA (January 2, 2019) – The work at the Little Ogeechee Bridge on Veterans Parkway continues. The construction crew will swap the lane closures on the Southbound lanes from the left lane to the right lane. **This shift will occur Friday, January 4, 2019, from 3 a.m. to 4 a.m.**

Drivers are encouraged to use a different route during that timeframe. Drivers on their morning commute through that area should exercise caution as well since the traffic flow will be different than it has been for the past couple of months.

Northbound lane shifts will occur next week. Construction will continue for the next several months.
