Severe Weather Impacts Chatham County

Chatham County, GA (July 27, 2018) – Severe weather impacted eastern Chatham County at approximately 4:00 pm today. Damages have been reported on Whitemarsh Island and Oatland Island at this time. The damage is still being assessed and there very limited details known at this time.

National Weather Service had not issued any watches or warnings for Chatham County, therefore the sirens were not activated.

The National Weather Service is confirming the visual sighting of a tornado and will be on site to tomorrow to evaluate the rating and impacts of the storm.
