CNT Investigation Leads to Multiple Arrests

Savannah, Georgia (October 24, 2018): Multiple people are under arrest following an investigation conducted by the Chatham-Savannah Counter Narcotics Team (CNT).

Yesterday, CNT conducted an undercover drug operation following information crystal methamphetamine (meth) was being sold from various rooms at hotel located in the 11,000 block of Abercorn Street on Savannah's Southside. After observing a large amount of foot traffic and activity consistent with drug sales, CNT obtained a search warrant for two hotel rooms. The search warrant resulted in the seizure of various amounts of crystal meth, items commonly used in the distribution and use of controlled substances, and one vehicle.

CNT arrested 34-year-old Raymond Gibson, 33-year-old Brooke Carey, 31-year-old Emily Figueroa, all of Savannah, and 31-year-old Katie Kirkpatrick of Rincon. Gibson, Figueroa, and Kirkpatrick were all charged with Possession of Methamphetamine with Intent to Distribute and remain in the Chatham County Detention Center. Carey was charged with a misdemeanor drug offense and has since been released.

The investigation is ongoing and additional arrests are expected. CNT would like to thank the Savannah Police Department and the Pooler Police Department who aided in this investigation.
