

Chatham County Employee Health Center

What We Treat

For more information about onsite healthcare go to www.marathon-health.com and click on "Individuals." This website has information about services, the eHealth Portal, and video success stories from people who use Marathon Health services.

Marathon
Health
For life.

www.marathon-health.com

Our goal is to help you achieve your optimum health. To reach this goal, the staff at the Chatham County Employee Health Center, operated by Marathon Health, is licensed to diagnose, treat, and prescribe for a wide variety of common illnesses and injuries. In addition to sick care, you have access to a full range of health assessment, coaching and disease management services — all from a convenient location at work.

Services at the Center are available exclusively to Chatham County employees who are enrolled in the Chatham County health plan.
