REQUEST FOR PROPOSALS

GENERAL CONDITIONS SECTION III

DESCRIPTION AND OBJECTIVES: Chatham County is requesting qualification proposals from qualified firms to perform **Engineering Services for Soccer Complex Expansion** which is located at the intersection of Sallie Mood Drive with Eisenhower Drive and is within the municipal limits of the City of Savannah. The County presents this request for proposals to describe its needs and those criteria which will be used to determine selection of services.

- 3.1 **METHODOLOGY.** The procurement described herein is being conducted as a Request for Qualifications through professional services selection, a method of selecting professional services as provided in The Chatham County Purchasing Ordinance and Procedures Manual. This will be a three-step selection process, a summary of which follows:

STEP 1/ ACCEPTANCE AND EVALUATION OF PROPOSALS: All technical requirements, unless otherwise specified, must be met by the proponent. The goal of Step 1 will be to accept, evaluate and score qualification proposals that meet technical requirements and develop a “short list” (finalists) usually of no more than three firms that represent the best of all proposals.

–In the interest of a fair, objective and competitive process, Chatham County intends to accept all qualified proposals and give them complete and impartial consideration.

–Any proposal which does not meet all technical requirements may be disqualified as being non-responsive.

– Proposals which are deemed to be incomplete as to substance and content may be returned without consideration. Proponents whose proposals are not accepted will be promptly notified that they are not being further considered and why.

–Recommending proponents that best qualify for the short list will be done through a committee evaluation process based on established technical criteria as described herein. Final decision on the staff’s recommendation is made by the Board of Commissioners.

Do **not** submit a Fee Proposal.

STEP 2/INTERVIEWS: The evaluation committee may interview each finalist firm.

If interviews are conducted, they will be scored. It will be at the discretion of the evaluation committee on the number of firms that will be interviewed. **NOTE: Do not submit a fee proposal.**

STEP 3/NEGOTIATION OF FEE/SCHEDULE: The highest rated firm will be notified and brought in to negotiate fee and schedule with the County. Prior to negotiation, the highest ranked firm will be presented, with any updates to, a "Scope of Work" to base its fee upon. If a negotiated fee cannot be reached with the highest ranked firm, the County will then enter negotiations with the 2nd ranked firm.

- 3.2 **PRE-PROPOSAL CONFERENCE.** A pre-qualification conference will be held at **2:00 P.M. on JULY 21, 2016, at the Chatham County Purchasing & Contract Department at 1117 Eisenhower Drive, Suite C, Savannah, Georgia.** Representatives from Chatham County will be in attendance. Attendance assures that all competitors hear the same information, can ask questions and suggest constructive changes to the solicitation.
- 3.3 **PROPOSAL DEADLINE.** The response to this request for proposal must be received by the Purchasing Division no later than **2:00 P.M., AUGUST 4, 2016.** Any qualification proposal received after the time stipulated will be rejected and returned unopened to the proponent.

For good and sufficient reason, up to 24 hours before the advertised deadline, the County may extend the response schedule. Should such action occur, all proponents who attended the pre-qualification conference will receive an addendum setting forth the new date and time. This will be provided initially by oral message or fax and followed by written verification.

It is emphasized that late proposals will be rejected. Hence, all firms are warned that if they find they cannot meet the established due date that it is incumbent upon them to justify and submit a request for slippage of due date **at least 24 hours prior to due date for proposals.**

- 3.4 **WITHDRAWAL OF PROPOSAL.** Any proposal submitted before the deadline may be withdrawn by written request received by the County before the time fixed for receipt of qualification proposals. Withdrawal of any proposal will not prejudice the right of a proponent to submit a new or amended proposal as long as Chatham County receives it by the deadline as provided herein.
- 3.5 **CONFIDENTIALITY OF DOCUMENTS.** Upon receipt of a proposal by the County, the proposal shall become the property of the County without compensation to the proponent, for disposition or usage by the County at its discretion (except for as provided by Georgia law for proprietary information). The details of the qualification proposal

documents will remain confidential until final award or rejection of proposals and/or protected under the restraints of law.

- 3.6 FORMAT OF RESPONSES.** To be considered, proponents must submit a complete response to the request for proposals. The format for responses is presented in Section 2. All responses must be presented in this format, which will not be negotiable.

The response to the RFP must be submitted in 1 original with 4 copies and one electronic version of your RFP on thumb drive or CD to:

All questions relating to the proposal prior to and after the Pre-Proposal Conference shall be directed to Mr. Marshall either by e-mail or fax. Deadline for questions will be one week prior to proposal due date.

- 3.8 COSTS TO PREPARE RESPONSES.** The County assumes no responsibility nor obligation to the respondents and will make no payment for any costs associated with the preparation or submission of the proposal.

- 4.5 **ASSIGNMENT.** The contractor shall not assign or transfer any interest in the contract without the prior written consent of the County.

- 4.6 **CONTRACT.** The successful respondent will be expected to execute a contract within 30 days of notice of award.
- 4.7 **PERFORMANCE AND APPROVAL OF SUB-CONSULTANTS.** The proponent will perform the project as an independent contractor and not as an agent or employee of the County. Joint ventures and sub-consultant arrangements are not prohibited; however, the proponent shall secure written permission from the County before subconsulting any part of the project. Such permission should be obtained during the proposal evaluation stage.
- 4.8 **CHANGES.** In the event a contract is awarded, the County may, at any time during the contract period, make changes within the general scope of the contract and its technical provisions. Any changes in the project team, including consultants, will require prior approval of the County. At the least, replacements must be equal in experience and preserve commitment to local or MBE participants. If any such change causes any increase or decrease in the proponent's cost of performing any part of the contract, whether changed or not changed by any such notice, an equitable adjustment shall be made in the contract price, or in the time of performance, or in both, and a written memorandum of such adjustment shall be made. Any claim by the proponent for an equitable adjustment shall be supported by detailed cost and pricing data, which the County shall have the right to verify by audit of the proponent's records or, at the County's election, by other appropriate means. Any claim by the proponent for an equitable adjustment shall be made in writing and prior to proceeding with the additional services or capital investments. The County may accept and act upon claims made later if, in the County's sole discretion, circumstances justify so doing. Nothing in this clause shall excuse the proponent from proceeding with performance of this contract in accordance with its original terms and conditions and any approved changes.
- 4.9 **TERMINATION OF CONTRACT.** The County shall have the right to terminate any contract to be made hereunder for its convenience by giving the proponent written notice 30 days in advance of its election to do so and by specifying the effective date of such termination. The proponent shall be paid for services rendered and not in question or dispute through the effective date of such termination. Further, provided a contract is awarded, if a proponent shall fail to fulfill any of its obligations hereunder, the County may, by giving written notice to the proponent at issue, terminate the agreement with said proponent for such default. If this agreement is so terminated, the proponent shall be paid only for work satisfactorily completed.

- 4.10 **ADEQUACY AND ACCURACY.** The professional and technical adequacy and accuracy of designs, drawings, specifications, documents and other work products furnished under contract, will be conducted in a manner of the profession. Where Chatham County must have work done by change order or addition resulting from an error or omission by the Engineer/Architect, the Engineer/Architect shall provide, at no cost to the County, all professional services attributable to the change order. This is in addition to the County's right to recover from the Engineer/Architect damages for the Engineer's/Architect's errors and omissions.

SECTION V
SCOPE OF SERVICES
FOR
ENGINEERING SERVICES FOR CHATHAM COUNTY
SOCCER COMPLEX EXPANSION

The Chatham County Soccer Complex is located at the intersection of Sallie Mood Drive with Eisenhower Drive and is within the municipal limits of the City of Savannah. Due to the increasing demands for recreational activities at the facility an expansion to include more fields and appurtenances is necessary. Preliminary planning actions for this have been completed by the Department of Engineering in conjunction with the Parks Department.

Chatham County is now seeking a qualified engineering consulting firm to perform engineering and permitting services associated with this expansion at the direction of the Engineering and Park Services Departments. The planned expansion will consist of three new multipurpose fields which are suitable for soccer, football and lacrosse. The fields will be located on forested land directly south of the existing fields on property owned by Chatham County in a side by side configuration. The playing area will have sportsturf, with natural grass in the bordering areas. The fields will be lighted similar to that on the other existing fields. There will be an irrigation system suitable for the uses. Benches and spectator seating will be included. The project will also include the construction of a new restroom building with limited concession capacity near the new fields. The Scope of Services shall include, but may not be limited to, the following:

A topographic and tree survey of the area has been completed under separate contract. This survey will be provided to the selected consultant. The consultant shall review the survey to determine completeness in regard to the needs for design. Any additional survey requested by the consultant and confirmed by the County will be completed under separate contract and added into the original to serve as the base for the project plans.

The consultant shall prepare construction plans, including clearing, grading, drainage and erosion control, to prepare the site to receive the artificial surface.

The consultant shall propose and the County will approve the firm to provide the materials and installation for the artificial field surfaces. The consultant shall coordinate the requirements supplied by this provider and shall incorporate such into the plans for the fields.

The consultant shall prepare plans for the installation of an irrigation system suitable for use on the artificial surfaces and surrounding natural grass. The design shall be completed in a manner compatible with the existing features and in accord with the needs stated by the Parks Department.

The consultant shall prepare plans for the installation of lighting similar to that in service at the site, including pole selection and supplying power. Coordination with Georgia Power is required.

The consultant shall prepare building and site plans for a small (approximately 60' X 30') building to house restrooms and a small, non-cooking concession area. The plans shall include connections to the existing on-site water, sewer and power systems unless new connections are found to be in the better interests of the facility.

Wetlands on the site have been delineated by Chatham County under a separate contract and are shown on the survey. The consultant shall coordinate his work with the County's wetland consultant and shall prepare such exhibits as may be needed to obtain the necessary permit.

The consultant shall prepare plans, calculations, and forms showing compliance with the pertinent requirements of the City of Savannah, including stormwater management, flood plain mitigation, tree ordinance issues and other items as determined. The consultant shall be responsible for submittals to the City, revisions as needed, and eventual permission to construct. The County has had preliminary discussions with the City and has determined that there are no issues which cannot be addressed.

The consultant shall prepare technical specifications and other documents covering all aspects of the work. The consultant shall finalize construction plans suitable for use in bidding and construction. The contractor shall provide a list of items and quantities for use in bidding and an estimate of the construction cost of the project as accepted by the County and approved by the City.

The consultant shall provide construction period services as requested and required in order to ensure that construction is completed in compliance with the plans and specifications. The consultant will provide final record drawings of the completed work including locations of underground utilities.
