

CHATHAM COUNTY PURCHASING DEPARTMENT
ADDENDUM NO. 1 TO RFP# 17-0094-7

FOR: Design, Provide and Install Playground Equipment at the Wilmington Island Community Park

PLEASE SEE THE FOLLOWING ADDITIONS, CLARIFICATIONS AND/OR CHANGES:

1. **Question:** Will the County accept more than one option for design?
Response: No, as part of your proposal you shall submit one design.
2. **Question:** The RFP refers to “proper drainage”, do we need to provide drainage, like a French drain, in our proposal?
Response: “Proper drainage” refers to the grading of the ground to promote water flow and not hold water.
3. **Question:** The RFP mentions having to have a County Tax Certificate. What do we need to do for that?
Response: Refer to Section 2.10 of the RFP document with contact details and additional information
4. **Question:** What is the square footage of the safety zone?
Response: The square footage of the safety zone is based on the design of the proposed equipment and the RFP specifications.
5. **Question:** What is the deck height and specs of the playground or swing set?
Response: The proposer is to submit a design based on the specifications provided in the RFP that included the age requirement and safety requirement.
6. **Question:** What is the pour in place product, EPDM or Pour in Place?
Response: Pour in place not being specified for this project.
9. **Question:** What is the pile height of the turf?
Response: Turf not specified. Certified playground mulch product required.
10. **Question:** What is the ounce of the turf?
Response: Same as response to question #9.
11. **Question:** Will a shade structure in included in the renovation?
Response: No, a shade structure is not part of the renovation.
12. **Question:** What is the quantity and type of equipment you are looking to replace and/or add?
Response: The RFP requests that a playground design be part of the response. The RFP has provided the general footprint, budget, age group and scope. It is up to each proposer to provide a design around those parameters.
13. **Question:** Can the design be larger than the current footprint?
Response: Yes, the design can be larger than the current footprint. Keeping in mind the stated project budget and scope of services.
14. **CHANGE:** Section 5.3, #6, shall now read “County will remove all existing structures and ground cover and will mark exact location for installation of equipment. It shall be the contractor’s responsibility to locate underground obstructions.

15. **CHANGE:** Section 5.3, #18 shall now read "The playground system will have a neutral colored pallet and should blend with the natural setting. Specific color combinations to be determined.
16. **CHANGE:** Section 5.3 #13, shall now read "12" (after compaction) of handicap accessible engineered wood fiber safety surface, above ground w/no drains, shall be provided and installed by the contractor. Mulch safety surface shall be certified playground much.
17. **ADDITION:** Section 5.3, #19 – The design shall include two (2) straight slides.

**THE RFP DUE DATE REMAINS 5:00 PM,
NOVEMBER 21, 2017.**

PROPOSER IS RESPONSIBLE FOR MAKING THE NECESSARY CHANGES.
