

CHATHAM COUNTY PURCHASING & CONTRACTING DEPARTMENT

ADDENDUM NO. 1 TO 18-0096-4

FOR: CHATHAM COUNTY CANALS DEBRIS REMOVAL AND DISPOSAL

PLEASE SEE THE FOLLOWING FOR ADDITIONS, CLARIFICATIONS AND/OR CHANGES:

Questions Received:

1. Q) Are the root balls to be removed along with the trees ?

A) The purpose of the project is to clear the channels and access roads in order to facilitate flow and maintenance. If root balls are in either the roadway or channel, or if they come out of the channel with the trunk, then they must be removed. However, if a tree has fallen across the road or channel from a root ball which is located outside the right-of-way or easement, where the County has no rights, then the root ball will be left in place. The trunk will be cut at the approximate right-of-way or easement line with that portion inside County rights removed.

2. Q) Are the disposal fees a pass through, or does the contractor pay for the tipping fees ?

A) In order to fairly assess the bids and the total project cost, it will be necessary for all costs to be included in the bid. Thus, bidders should include the tipping or other disposal fees in the unit prices bid for the two items which involve off-site disposal.

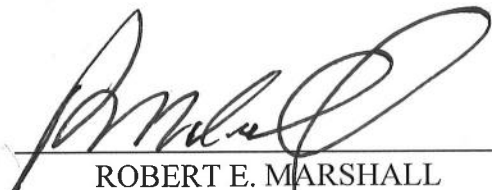

NOTE: For Information Only, Debris Interaction Maps for this project are available on the Purchasing and Contracting webpage.

NOTE: BID OPENING REMAINS:

2PM, THURSDAY, OCTOBER 11, 2018

THE PROPOSER IS RESPONSIBLE FOR MAKING THE NECESSARY CHANGES AND MUST ACKNOWLEDGE RECEIPT OF ADDENDUM.
